Wow... Dr CKN is one among the Extremely talented researcher of this time and has innovated amazing Siddha products.. and no match or equivalent products are available in Alopathy... I've been following his videos for more than 4 year and recommended numerous sick people and they have got completely cured.... I'm gla that he's bringing back the lost glory of Siddhar science practices and unearthing it's potency, which is resulting in miraculous products

Hi All,
My Mother is 63 and had
1.Diabetes since last 12 Yrs
2.Arthritis and HyperBP too
She had been taking dozen of Tablets per meal...
End result is HBA1C 13 Even though she is almost strict on her Veggie Diet.

Came across CKN sirs herein after will be called as Genius here, videos.
A definite eye opener and started giving the supplements from Genius R&D a Month back.
10 days back I have stopped her Holopathy tabs.
Still she was getting low sugar levels.
As per Genius Advice I have now reduced the doses of supplements by 50%.

Dr C.K.Nandagopal has given extensive interviews on youtube. These are highly interesting and informative. He says he is Tamilian scientist.

First of all, I would like to thank Doctor CKN, because my daughter is completely cured from thyroid issue. Actually, we met Doctor 3 months ago for her health issue. The doctor prescribed a very simple solution, which was a few drops medicine which is being manufactured in his own facility centre, totally recovered her Thyroid issue. Really it was a medical miracle, without any hard core medicines and treatments, the health issue have been solved by his simple solutions. Further, we felt a different experience during our consultation with Dr CKN, who always handles the patients very cool way . I personally recommended few of my relatives and friends those who are interested to get proper medical needs without any hardcore allopathy medicines. Thank you Doctor!

The quality of medicine and care provided by CKN Innovation is extraordinary. My daughter was diagnosed with Ulcerative Colitis 2 years ago in Australia. The medicine provided by Australian doctors was only treated her symptoms and did not cure the disease. 4 months ago we consulted with Dr Nandhagopal, who positively onlooked her recovery and provided easy to follow instructions to taking the Tamil medicine, which cured my daughter's inflammation completely, within 2 months of taking it. The Australian doctors were amazed at how 2 years of inflammation normalized with no sign of disease. I would highly recommended consulting Dr Nandhagopal and CKN Innovations for any health related issues.
