

RYCO #970 SERIES WETPUMP: TRULY DAMAGE - FREE FISH TRANSFER

The patented RYCO Fish Wetpump will pump faster, with less damage, than any other wetpump built ANYWHERE. This pump is similar to the RYCO #971 in all respects except the discharge tank head, which is an eccentric cone. This design removes all flow path corners, and assures a truly obstruction free path for the largest fish. For further information about accessories and details, see the specifications for the #971 Wetpump.

FEATURES:

- Pumps up to 80 tons/hour with 30 hp.
- Pumps tanks from 50 to 300 cubic ft.
- Blowers from 100 to 2000 cfm
- Automatic pumps easily converted to auto
- Suction heights to 20 feet
- Discharge heights to 50 feet
- Tanks and frames are stainless
- Diesel, electric, hydraulic or gas drives
- Power units integral or remote

UTILITIES:

- Water: fresh or salt, 5 gpm, 30 psi (min)
- Automatic cycle requires 1 cfm air at 100 psi
