**Vincent Thomas, SCI Greene**----May Almighty God guide my steps back into society, so that I have a good place to stay for reentry. May The Holy Spirit guide my choices, and protect me from the bad intentions of Satan--to rebuke any of his efforts to send me back to prison, after I am released. **Carol Welker, SCI Muncy**----Heavenly Father, we ask that you place your loving arms around Carol, and give her the peace, strength, and guidance she seeks. Heal the void in her life that is overwhelming her, and let her feel your presence in all that she does. Thank you, Lord Jesus.

**Harry Jefferis, SCI Dallas**----Heavenly Father, we ask for your loving hands upon Brother Jeff, that you would ease his back pain, and open the door for complete healing in all areas of his body. You are the Great Physician, and nothing is beyond your capabilities. May Jeff feel your calming presence during these uncertain times, and know you are walking beside him always. Amen.
