

**WESLEY WONG'S  
FUSED IRIDIZED DRAGONFLY– (1 Day Class)  
Monday September 26— \$215.00  
All supplies provided. Bring your own glass cutting tools.  
Skill Level: Intermediate, Basic glass cutting skills required  
Hours: 9am – 5pm**

Create a fused glass dragonfly with sparkling iridescent wings. Students will learn how to angle the wings, include wire legs and antennae and two techniques for constructing the wings. The dragonflies may be embellished with glow-in-the-dark powder to illuminate the wings at night. Patterns will be provided and students will be shown how to scale down and mount the dragonflies for ornaments. We will also make a lily pad to display your dragonfly. As time permits, students can make a dragonfly pendant.

\*Receive a 10% discount if you take both classes – Fused Glass Mosaics with Depth and Fused Iridized Dragonfly.
