

# CAROLINA STAINED GLASS

## THE GLASS GAZETTE

JANUARY 2024

### WINTER 2024 CLASS SCHEDULE

- **INTRODUCTION TO STAINED GLASS - \$195.00**

*Thursdays: 6:00pm - 8:00pm - FEBRUARY 1 - FEBRUARY 29*

*Learn the basics of the copper foil technique to create a stained glass panel. Students will learn glass cutting basics and the copper foil method of stained glass construction including framing. All glass and materials are provided. Students must provide their own glass cutter, breaker pliers, and soldering iron which are available for purchase at Carolina Stained Glass. The additional cost for tools ranges between \$60 and \$180 depending on the glass cutter and soldering iron you choose. Students receive a 10% discount on purchases.*

**INSTRUCTOR:** Beth Sherbert

- **INTRODUCTION TO STAINED GLASS - \$195.00**

*Mondays: 6:00pm - 8:00pm - FEBRUARY 5 - MARCH 4*

*Learn the basics of the copper foil technique to create a stained glass panel. Students will learn glass cutting basics and the copper foil method of stained glass construction including framing. All glass and materials are provided. Students must provide their own glass cutter, breaker pliers, and soldering iron which are available for purchase at Carolina Stained Glass. The additional cost for tools ranges between \$60 and \$180 depending on the glass cutter and soldering iron you choose. Students receive a 10% discount on purchases.*

**INSTRUCTOR:** Cara Davis

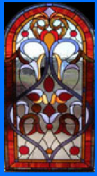

- **OPEN STUDIO COPPER FOIL - \$160.00**

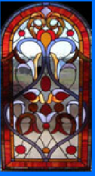

*Tuesdays: 6:00pm - 8:00pm - FEBRUARY 6 - FEBRUARY 27*

*During this open studio students will bring in their own copper foil projects to work on using our workspace and grinders. Instructor will be available to offer as much or as little guidance as wanted. Students must provide or purchase all materials and use their own tools. Pieces are limited 24" x 24". If you have larger projects, they must be pre-approved and are subject to space availability. For example: your piece could be longer than 24" but narrower.*
