

PROFESSIONAL STREET & COMMERCIAL SWEEPING

Cleaner Streets. Safer Parking Lots. Healthier Communities.

Regular sweeping removes litter, leaves, dirt, sediment, gravel, and other debris before it creates safety hazards, clogs drainage systems, or washes pollutants into local waterways.

Street Sweeping Services

Street sweeping helps:

- Keep roads, curbs, and gutters clean
- Reduce litter, dust, leaves, and sediment
- Prevent debris from entering storm drains
- Improve water quality by removing oil, metals, chemicals, and other pollutants
- Reduce flooding caused by blocked gutters and drainage inlets
- Improve safety for drivers, cyclists, and pedestrians
- Protect roads, curbs, and drainage infrastructure
- Support stormwater-management and environmental requirements

Commercial Parking-Lot Sweeping

A clean parking lot creates a better first impression while protecting customers, employees, tenants, and property owners.

Our parking-lot sweeping services help:

- Remove glass, nails, gravel, leaves, and other safety hazards
- Reduce slips, trips, tire damage, and vehicle problems
- Keep catch basins and storm drains clear
- Reduce standing water and localized flooding
- Prevent oil, tire particles, brake dust, litter, and sediment from leaving the property
- Improve curb appeal and customer experience
- Reduce pests, odors, and organic debris

- Protect pavement, curbs, striping, and drainage systems
- Support property-maintenance and stormwater-compliance requirements

Flexible Cleaning Schedules

- **Daily or several times per week:** High-traffic retail, restaurant, and loading areas
- **Weekly or biweekly:** Typical commercial parking lots and business properties
- **Monthly or as needed:** Low-traffic offices and industrial locations
- **After storms or construction:** Rapid debris and sediment cleanup
- **Special events:** Pre-event and post-event sweeping

We Serve

Commercial parking lots • Retail centers • Restaurants • Office buildings • Industrial properties • Shopping plazas • Apartment communities • Warehouses • Medical facilities • Schools • Churches • Private roads • Streets and public-use areas
