Watching a you tube video I came across a different way of painting. This person would put the carving in water first, dry it off and start painting. I have been impressed with the results.

At our next Club meeting we will be discussing if we want to become a non profit. I have all the info and cost to do it.

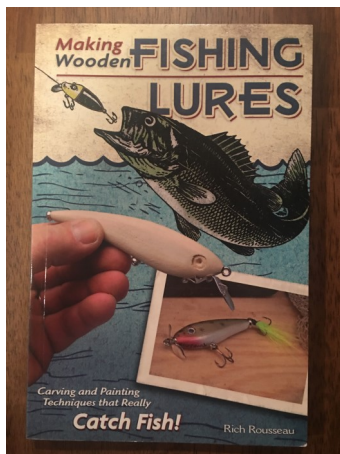

Dues are Adult or family = \$15  
Junior members = \$5

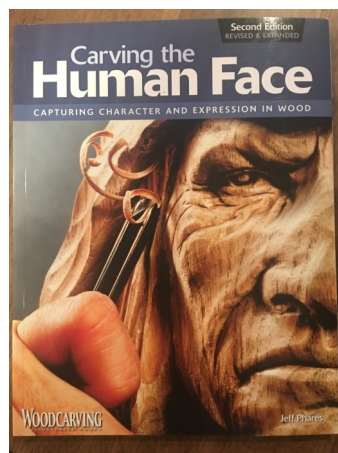

# Book Sale

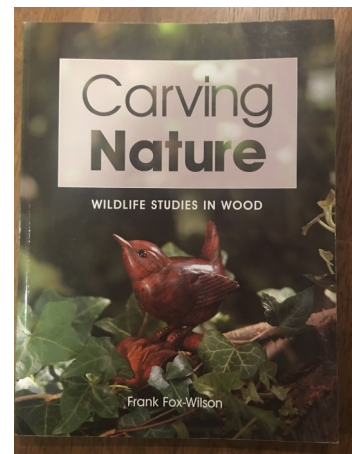

Over the years I have increased my Woodcarving books to the point I need to start thinning it out for lack of bookshelf space. For the next few months I will be posing some on here for sale each month with 10% of the sale going to the Club.
