EMBODIED: THE FELT SENSE OF RECOVERY

Join us for an experience of gallery pieces crafted by humans for humans, depicting reconnection and coming home to self. It is our ability to reconnect with ourselves while staying in connection with others that allows us to unlearn, remember, and recover. This ability is inside of us. It is ours, and it has always been ours. Join us in remembering and witnessing.

ONGOING: 9/24 - 10/4 @ ARTPLAY GALLERY
FOR CLINICIANS: 10/5 10AM-2PM NETWORKING EVENT
