

The Math Depot's **BACK TO THE BASICS** Self-Paced Virtual Classroom **LEVEL 3**

Includes Daily Fact Fluency, Video Tutorial, Spiral Review, Lesson Practice, and Problem Solving
(subject to change)

WHOLE NUMBERS, FRACTIONS, and DECIMALS

Weeks 1 - 3: Reading and Writing | Comparing and Ordering | Rounding and Estimating

Week 1: Adding, Subtracting, Multiplying, and Dividing Whole Numbers

Week 2: Adding, Subtracting, Multiplying, and Dividing Fractions and Mixed Numbers

Week 3: Adding, Subtracting, Multiplying, and Dividing Decimals

Week 4: Scientific Notation

INTEGERS

Week 5: Adding Integers

Week 6: Subtracting Integers

Week 7: Multiplying and Dividing Integers

RATIOS, RATES, PROPORTIONS, and PERCENTS

Week 8: Ratios and Proportions

Week 9: Unit Rates and Rates

Week 10: Scale Drawings

Week 11: Converting Between Fractions, Decimals, and Percents

Week 12: Percent Problems

STATISTICS and PROBABILITY

Week 13: Mean, Median, Mode, and Range

Week 14: Probability

GEOMETRY

Week 15: Perimeter and Area of Quadrilaterals and Triangles

Week 16: Circumference and Area of Circles

Week 17: Volume of Cubes, Prisms, Cones, Cylinders, and Spheres

Week 18: Surface Area of Cubes, Prisms, Cones, Cylinders, and Spheres

ALGEBRA

Week 19: Exponents and Expressions

Week 20: Solving One-Step and Multi-Step Equations
