Service Components

Our staff members are trained to implement skill-building and routine supports related to ADLs and IADLs.

DSPs assist individuals with skill-building, routine supports, and safety supports related to the use of community resources, such as transportation, shopping, dining at restaurants, and participating in social and recreational activities.

Staff shall support the individual in replacing challenging behaviors with positive, accepted behaviors for home and community environments.

Staff are equipped with the skills necessary to assist with monitoring the individual's health and physical condition and providing routine and safety supports with medication or other medical needs and providing supports with transportation to and from community sites and resources.
