Reston, VA 20190

Re: RELAC Water Cooling - Response Requested

Dear Vanessa

As a courtesy to all involved, including the community members of the clusters, Vantage Hill, and LARCA, the Steering Committee of the RELAC Water Cooling Cooperative Initiative, is requesting a response to the proposal we provided at your request. (Attachment)

As you know, your participation impacts plans for RELAC cooling this season so we are requesting a response by **Friday, March 1, 2024** so that we can adjust as needed. If you have further questions or concerns, we are just a phone call or email away. You can reach us on 202-807-7884.

We understand this is a difficult time for all concerned; however, the lack of dialogue negatively affects all of your neighbors who were also pushed into the same boat from Mark's December email. We can move forward with open dialogue together or segregate the original Reston even further.

With thanks,

The Steering Committee of the RELAC Water Cooling Cooperative Initiative

CC: George Hadjikyriakou, LARCA President  
Sheila Raebel, LARCA Vice President
