

Extra Assistance

As the aging process continues, some residents require more assistance. Our staff are trained to understand this process and the many changes it brings. Our goal is to help people maintain their ability to live in their community.

Visitors Welcome

Nobody would buy a car without first driving it. It should be the same when looking for a place to live. We invite you or your loved one to visit our homes, enjoy a meal with us, and check out our facilities. All we ask is that you arrange a visit through a local Lori Knapp Companies office.

Lori Knapp Companies' offices and programs are located throughout the state of Wisconsin. For more information, please contact your local Lori Knapp Companies Office.

A Family of Quality Long-Term Care and
Human Services Solutions Since 1972

"Lori Knapp Companies homes have been a state and nationally recognized leader in the field of disabilities and the elderly since 1972."

Residential Services

Since 1972, the Lori Knapp Companies have been providing services to people throughout Wisconsin. Our goal is to provide solutions for people so they may continue to live in non-institutional, residential settings.

We believe that all people have the right to productive lives, and the goal of the Lori Knapp Companies is to help our customers maintain their dignity and community life, no matter what their disability or age.

Residential Living

All **Lori Knapp Companies** residences are located in quiet residential neighborhoods. They are situated on large lots, with plenty of room for activity. Residents can feel safe taking a walk or being part of the neighborhood.

We Provide

- Private and semi-private rooms
- On-premise staff, with a CNA or PCW training
- Personal Care Assistance Available (dressing, bathing, and medication monitoring)
- Planned activities, day services, and employment opportunities
- MA Case Management on request
- Meals and housekeeping services

People We Serve

The **Lori Knapp Companies** specializes in serving:

- Adults and children with developmental disabilities
- Adults and children with severe physical needs
- Elderly, specializing in Dementia care
- Adults with mental illness

Individual Care

Each person in a **Lori Knapp Companies** residence is treated as an individual, and not just as one of a large number. Care is taken to assess the needs of the person, and to provide as much personal service as possible. Most homes are designed for 3 to 4 residents while some support up to 12.

All **Lori Knapp Companies** caregivers are trained to help provide for the needs of individual residents. Training and education are paramount to quality of care, and a minimum of 12 hours of on-going training per year is provided to each staff member.

All **Lori Knapp Residences** are licensed by the State of Wisconsin as Class C or Class A facilities, or certified by the county of residence. This means the homes are regularly inspected, in order to ensure high standards of care are maintained.
