DEMOGRAPHICS

7,000+ and growing

With over 100 combined years in the Telematics industry, our Posse of experts is connected to the right people. Our database is constantly verified and updated, with over 7,000 confirmed Telematics industry professionals.

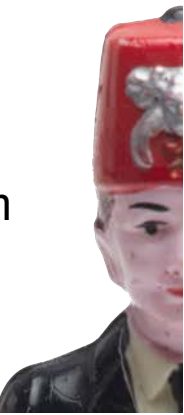

Installer to CEO..

..and everyone in between. Unlike other Telematics Updates, we are based in the U.S., tracking the trenches of Telematics. Nobody covers the Telematics and IoT industry like the Jimmyj.com Posse, from mad scientists to edge use cases.

5+ Years of Industry Experience

Our average reader has been in the industry for over five years. 70% male to 30% female audience with an average age of 43.

The “ROYAL” Sell out

Sit back and let our Posse create content for you. We start with creating up to **two 30-minute podcasts** based on your recommended content. We write the script, coordinate everything, and make you look good. From there, the podcast is promoted in our monthly newsletter in the TIKI TALK section. We will also create posts for each episode in LinkedIn from Jimmyj.com, which allows you to easily share new content with your audience on LinkedIn.
