Details:

Service Conditions

Service will be furnished only if:

1. The premises have frontage on a properly platted street or public strip in which a cast iron or other long-life water main has been laid, or the property owner has agreed to and complied with the provisions of the water utility's filed main extension rule.
2. The property owner has installed or agrees to install a service lateral from the curb stop to the point of use that is not less than six (6) feet below the surface of an established or proposed grade and meets the water utility's specifications.
3. The premises have adequate piping beyond the metering point.

Applicant Certification

I hereby request water service as described above and agree to abide by all ordinances, rules, and regulations of the Village of Bloomington Water Utility.
