

Water Main Connection:

- The water main connection performed yesterday was at the intersection of Pleasant Street and S.T.H. '35'/Canal Street. During the water main connection two water main breaks occurred and resulted in delayed return of water service.
 - The first water main break occurred due to an aged watermain fitting failing. This fitting was removed and replaced.
 - The second water main break occurred due to the aged 3" ductile iron watermain. The broken section was replaced with a new water main.
- Water service was returned to all affected areas by 10:15pm last night.
- Thank you everyone for being patient and understanding during this process.

Contractor's Schedule (items started/completed):

- Week of the July 8th
 - The Contractor installed storm sewer at fill site.
- Week of the July 15th
 - Water main connection at Pleasant Street and Canal Street/S.T.H. '35'.
 - Installation of watermain on Spruce Rd.

Contractor's Schedule (two-week outlook):

- Week of the July 22nd
 - Complete installation of main line water main on Spruce Road.
 - Possible scheduled water shutoff for connection to existing water main (once exact date is known, residents will be notified)
 - Installation of main line sanitary sewer on Spruce Road.
- Week of the July 29th
 - Complete main line sanitary sewer on Spruce Road.
 - Installation of storm sewer on Spruce Road.

Utility Relocation:

- TDS and Charter Communications have utility relocations that need to be completed.
 - Possible service interruptions may occur and affected individuals will be notified by the respective utility company prior to the interruption.

Traffic Control:

- Please continue to follow road closed/traffic control signage.
 - Between the hours of 7 am and 5 pm the contractor has full use of areas under construction (except for emergency vehicles). Between these hours, property owners will not have guaranteed access to/from their property. Please plan accordingly.

Surveying:

- Delta 3 Engineering has staked, with pink flags and wooden hubs, the sanitary sewer, water main, and storm sewer on Court Street and Spruce Road .
 - Please do not disturb these markers.
- Also please do not disturb markers/flags for gas (yellow), electrical (red), fiber (orange), and telecommunication (orange).
