## Introducing PARKSIDE GL20 Beams

Parkside Timber have further enhanced our innovative range of timber products with the introduction of our new GL20 Beams.

Made from sustainably sourced Spotted Gum hardwood, Parkside GL20 Beams are not only strong, but will provide your home with that design impact statement.

Parkside GL20 Beams are suitable for indoor and outdoor above ground applications in Australia. They are GLTAA certified, and manufactured to AS/NZS 1328.1:1998 and fire rated in accordance with AS 1720.4 to BAL 29.

For further information please call us on 1800 257 099.
