WHY HIRE US?

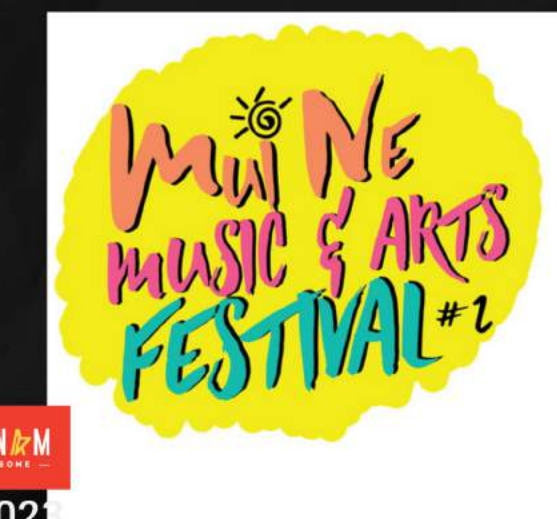

Top three reasons why we get hired:

1. Cost Effective - As a grassroots & home based business, we are able to give you the best price because we don't have the same overheads of an established agency. You can always expect service with a smile.
2. Direct Contact - Know that when you're passing on your requirements for your project that you're actually passing them directly to the person who will be doing & delegating the work!
3. We are always here. - Freelance is tough business, we work irregular hours to compete and may opt to work on it outside of traditional office hours such as weekends or into the night. We do try to keep all desk work done and dusted during the weekdays and try to only work on the weekends if we are in the field.
