 Grace Education Academy

BREAKFAST & LUNCH

Nourish to Flourish

Great news! Legend's Academy Cafe is now offering convenient breakfast and lunch ordering options for both students and staff. Enjoy delicious meals with ease, right here at school! You can place your order at GraceEducationAcademy.com or call 352-556-3348!

A note from our Principle

Marching Along,

Wow the school year seems to be flying along and God continues to Bless us and keep us safe. He has done amazing things for Grace Education Academy, school and students, and I appreciate all the hard work from our dedicated staff and volunteers. We continually appreciate your prayers for school staff and students.

As a reminder

"We are building a brighter future together."

"Every challenge is an opportunity for growth."

"Our unified efforts bring about positive change."

"We are a community bound by faith, hope, and love."

The journey ahead may have its share of challenges, but with a clear vision, a strong community, and shared values, Grace Education Academy is well-equipped to continue making a meaningful impact. Keep leaning into the strengths that have brought you this far, and remember, every step forward is a step toward achieving those goals.

We are excited to open early enrollment for the following school year, its important to enroll early so that we could plan appropriately for the next school year, We anticipate some changes (classroom sizes etc.) I've listed some very important dates to remember as we finish out the school year.

Dr. Rivera-Tubbs

Donations

Both campuses are still welcoming copier paper donations to support our school's needs.

If you or someone you know is in need of clothing or food items, please feel free to contact Pastor Richard "Rico" Tubbs or Dr. Tammy Rivera-Tubbs.

Proverbs 11:25

A generous person will prosper;
whoever refreshes others will be
refreshed

Roaring Updates!

Story of plane repeat after me

A pilot was flying a planeload of passengers to their destination, when suddenly the rudder malfunctioned. He radioed the control tower in panic, and shouted, "The RUDDER has malfunctioned! What shall I DO?" The air traffic controller radioed back, "Keep calm, Captain. Just repeat after me: Wings flap... check. Velocity... check. Altitude check." The pilot made the appropriate adjustments, And the aircraft continued course. Not five minutes later, however, the STARBOARD ENGINE stalled: The pilot radioed the control tower and shouted, "The STARBOARD ENGINE has stalled! What shall I DO?" "The air traffic controller radioed back, "Keep calm, Captain. Just repeat after me: Wings flap... check. Velocity... check. Altitude check. "The pilot made the appropriate adjustments, and again the airplane continued on course. However, not five minutes later, the pilot radioed the control tower a THIRD time: This time he shouted, "MAYDAY! MAYDAY! BOTH the engines have gone! What shall I DO? The air traffic controller radioed back, "Keep calm, Captain. Just repeat after me: Our Father... Which art in heaven... Hallowed be Thy name..."
