

DIPLOMATIC IMMUNITY

1 CORINTHIANS 9:24-27 & JAMES 1:12

INTRO ...

Good morning class! My name is Love ... welcome to 101 America History!

Let's observe Donald Trump's and other republicans' **strategy** to use **flattery** to please racist "White" people, who **rather see** us in chain than free, since Republicans uses **analogy** like "Make America Great, Again!" Obviously, this **matter be** designed to cheer "White" people to take pride in a history that is fill with treating niggas like Christ died on **Calvary**. These "White" people attended the same classes, art **gallery**, and read the same books and documents as us, and they **whether we** take pride in the worst history of mankind than to feel **ashamed** of it. **Shame** on you, "White" folks; you are in no position to **claim** any part of America's history as great. So, don't **blame** us; your **aim** to **reclaim** your forefather's past **became** here downfall.

HOOK:

Since the government is formed as a system with rules to control the actions of its people, then the people, who control the government, are thirsty for power to control your life. So, when they speak about you to have freedom, only a fool will believe such nonsense.

We never received any **reparation** or **separation** from being ruled, judge, and controlled by these racist "White" folks' **nation**. My niggas are still getting killed, dealing with **discrimination**, racial profile during **citation**, and facing **incarceration** for making bad choices under duress out of **desperation** to escape this madness. I missed it ... so why the **celebration** of Juneteenth for independence and freedom from America? As I measure the social and legal structure and **economy** of the United States to the book of **Deuteronomy**, "slaves in the promise land" is **synonymy** for our lifestyle. For how is it possible to have **freedom** from the **kingdom** that enslaved us, while our people are still somehow ruled by it.

HOOK:

Since the government is formed as a system with rules to control the actions of its people, then the people, who control the government,

are thirsty for power to control your life.
So, when they speak about you to have freedom,
only a fool will believe such nonsense.

They create a **systematic** way via the **Democratic** Party to rule us, too, because they never disrupt the **static** quo. Watching these political parties is like a **cinematic** show but more **dramatic**, which is why I claim **Diplomatic** Immunity. If you're not wise, life will become more **problematic** when you make a boss move like this, which is why I am a **fanatic** for Christ. I will **render** taxes to Caesar, but I **surrender** my life to CHRIST. CHRIST govern us to be peaceful, kind, gentle, **love** and be faithful to each other, which is a lifestyle that is **above** the law; so, the government can not makes a law against this **lifestyle** (Gal. 5:22 & 23). **Meanwhile**, no one should abuse their freedom in CHRIST to act **vile**, which is their cover-up to kill you or take your freedom at **trial** (Gal. 5:13-15).

OUTRO ...

Everyone is aware of the so-called "White" man's thirst for power to establish himself as superior. Moreover, they have disguised this racist machination in modern time by establishing people with black skin to have power and fame for the purpose of manipulating us to remain complacent with their delusion of White Supremacy. Since the so-called "white" man's paranoid delusion is fixed on his false belief of white supremacy, they stubbornly continue their resistance to reason and confrontation to actual facts about their racist mental illness.

Notice how the "white" man has changed his tactic to using someone with black skin to address us on behalf of America. They use a double tongue to address us; in other words, "Black" politicians speak words of freedom to us as if they feel us, then simultaneously act different by influencing us to remain subjected to the rules and power of America. How is it possible to have freedom and independence from America, while we are still subjected to its laws and power, because they still rule us against our will by approaching us as politicians, the police et cetera with the authority of America to justify their power over us to control us ... I will now play a prerecorded tape of Kamala Harris to use a double tongue in a speech to address the native people to prove this point (you must watch the video or listen to the audio file to hear the prerecorded tape of Kamala Harris).

Notice how she address them as a nation, then she turns the conversation by using words, which indicate them as not possessing their own land but live life on America's soil. She also implied that they are under the authority, rules and power of America, and pay taxes to the so-called "white man"; moreover, the so-called "white man" disbands them from forming into a military; nevertheless, America recruit Indians to fight wars in America's military.

Therefore, there is no freedom for anyone in America, but there is freedom for everyone in CHRIST JESUS. For men want you to live by their laws as a means to establish dominion and power over you, while the laws of GOD establish freedom from their dominion and power to restrain and control you. Therefore, GOD sent me to tell you and anoint you as king of your life, because no one has the right to control or rule anyone except the time during the prevention of someone to harm others.

Since one of the blessings of GOD is to allow me to have the final decision to my life, I possess sovereignty over my life. Man can decide what he will do with his country, his house, his business etc., but I decide what to do with my life. You have heard of the crown of England, the crown of Saudi Arabia, but the crown of me is me. Therefore, I address no man as king of my life. Not even GOD is king of my life. I am the king of my life. Yet GOD hold a higher position than king of my life. GOD is the King of king. Since I am the king of my life, I guess that still make GOD as my king. Amen!
