5. Island Club Rules and Regulations
6. Design Review and Renting Your Home
7. Wildlife and Environment Brochures
8. Telephone Listing

and all other miscellaneous content in The Naples Reserve Homeowners Association, Inc. Homeowner Welcome Packet.

WILDLIFE ACKNOWLEDGEMENT

Florida's wildlife and human population are encountering each other more often than ever before. As humans develop more open space and wildlife habitat is reduced and fragmented, encounters between humans and wildlife become more common. For most people, observing wildlife is a thrilling experience, but when an animal causes damage or attempts to share your living space, that thrill can turn to irritation or fear.

Just like us, birds, Bears, snakes and other animals/reptiles are doing their best to make a living and raise their young. Developing an appreciation and understanding of your wild neighbors can help you learn to accept them and live in harmony with them without resorting to extreme measures. Tips for keeping the awe in your wildlife experience.

- Feeding wildlife accustoms them to humans and is a certain death sentence for bears, alligators and other species.
- Making simple accommodations will often solve the problem of marauding raccoons and other critters. Remove the free meal attractant by feeding pets indoors, installing baffles on bird feeder poles and fastening trash cans lids with rubber straps.
- Bringing pets inside at night will keep them safe from hungry predators.
- Cover possible entryways with hardware cloth to exclude squirrels, bats and other animals scouting out your home for a safe place to raise young.
- Do NOT enter Preserve Areas and be mindful of hidden areas for snakes and wildlife.

We encourage you to please become familiar with your surroundings and attentive to warning signs throughout the property. While this may be a commonly discussed topic amongst Florida Natives, please make sure to notify your guests, vendors and invitees of the possible risks.

We agree to abide by all Naples Reserve Rules and Regulations.
