

## Living with Alligators

### Tips and Info

**PLEASE share this information with your family, friends, neighbors and visiting guests.**

Naples Reserve residents should contact the Community Manager's office for alligator concerns  
at: 239-231-4188

(In the event of an after-hours emergency, call your community's emergency number at: 800-337-5850 or 911)

**IT IS AGAINST THE LAW TO FEED, HARASS, POSSESS, CAPTURE AND/OR KILL AN ALLIGATOR!  
THESE ARE "ARRESTABLE" OFFENSES!**

Enjoy these amazing creatures from a **safe distance, at least 30 feet**, and always keep the following points in mind...

- ❖ **DO NOT FEED ALLIGATORS!!!** It is against the law and it causes alligators to lose their natural fear of humans!
- ❖ **DO NOT HARASS ALLIGATORS!!!** It is against the law and it causes alligators to become very defensive/aggressive!
- ❖ **DO NOT** feed ducks, turtles, fish or other wildlife. This can draw alligators, as well as other predatory animals, to the area.
- ❖ **Keep children and pets away from the water.** Alligators can be in any body of water, at any time.
- ❖ **When cleaning fish, dispose of scraps in a waste receptacle, not in the water.**
- ❖ **Observe water areas closely before retrieving a golf ball.**
- ❖ **Keep a safe distance.** Alligators can, and will, lunge/run.
- ❖ **When photographing... keep a safe distance and use a zoom lens for close-ups.**

### What you can do to help your trapper:

Most trappers understand you are very curious about alligators and the act of catching them, and most will be happy to share some information with you. That being said... there is a time, and a place.

- ⊘ **When we're actively "working" an alligator, especially a live gator, definitely not the time.**
- ⊘ **When you want to approach and/or follow us, as we work, definitely not the place.**

If your trapper needs information about a gator, he/she will ask. We have a job to do and we need to be focused on what we are doing. **Safety is a priority!** For ourselves and people in the area. YOU CAN HELP US, GREATLY, by giving us space and allowing us to concentrate on the task-at-hand.

Report wildlife violations to the [Wildlife Alert Hotline @ 888-404-3922](tel:888-404-3922) or [MyFWC.com/WildlifeAlert](http://MyFWC.com/WildlifeAlert)
