

Just Say No

Another Call To Action

Once again, we find ourselves on the verge of becoming a brutal dictatorship under Donald Trump and his cruel henchmen: Steven Miller, Christy Neme, Tom Homan, J.D. Vance, and a myriad of cowardly enablers in both houses of Congress and the Supreme Court. And once again, we feel helpless to stop Trump's Gestapo thugs – ICE.

But we are not helpless. We still have tools in our toolbox that all of us decent citizens can use. We have rallies; we have peaceful protests; we have our vote (hopefully) and our right to free speech (for now). And we have the power of the purse – **Boycotts**.

Also, lawmakers are staring down another deadline to fund the government or risk a shutdown – Jan. 31. And this time, they have to decide how much money to give the Department of Homeland Security, the agency that funds ICE. Now that Congress has witnessed the recent atrocities of ICE, they also have the power of the purse. They can once again vote not to pass the budget unless ICE gets no more money or even gets defunded.

Yes, we are not helpless. We can just say “NO” by boycotting those companies that enable ICE, and we can petition our representatives to just say “NO” to any budget that gives more money to ICE. Better yet, they should say “NO” to any budget that funds ICE at all.

We are not helpless. We can just say “NO”!
