

The Spirit
drove Jesus
out into the
desert, and he
remained in
the desert
for forty days,
tempted by
Satan.
He was among
wild beasts, and
the angels
ministered
to him.

Mark 1:12,13

From Me to You....

I am one of those people that look for signs from God everywhere. Some may call it being an eternal optimist. I am okay with that. I'd rather be optimistic than feed into the pessimism that can bombard us on any given day. So today's First Reading resounded with me. That God would send a bow as a covenant. A rainbow! Before scientists explained that it was a refraction of light and the angle of the sun, can you imagine what people thousands of years ago thought when they saw this spectacular arch of colors in the sky!

In 1980 I made the decision to move back to Canton after living in Columbus for college. All my belongings packed into a truck and a car, we drove up to Canton through a rainstorm. Coming across Route 30, the most glorious double rainbow was vibrant in the sky. I was 22 and though my heart knew I was making the right decision, I couldn't help wonder if I would lose my newfound independence. It proved to be a great choice.

I had a successful career working with O'Neil's and relished in getting to know my parents as an adult. A year after my Dad died in '83, I had to buy a car since mine had been stolen. He was always the negotiator, the one to know how to keep a poker face, working to get a better deal. Not my forte. So when I bought my Cutlass Calais, I was worried - did I make the right decision? Opening the door for the first time, the gray interior was flooded with rainbows! The slant of the windshield design caused the light refraction. To me it was a sign that I got it right, all would be well.
 Thanks Dad (and God!)
