# UNDER CONSTRUCTION

We are a complete interior general contractor and have a talented execution team in-house to ensure our projects are executed to the highest standards. We take care of everything involved in the construction process including; electromechanical, plumbing, AC, partitioning, ceiling, flooring, lighting, joinery, glass, finishes, and furniture. Our projects team will manage all aspects of the project from gaining authority approvals, procurement, cost management, coordinating with contractors on site, dealing with site issues, and ultimately, handover.
