

Environmental Policy

At Hasoon United, continuous improvement of the environment is a priority. We are committed to minimizing the impact of our operations on the environment and demonstrating leadership by integrating environmental considerations into all our business. We expect every employee and supplier to adhere to this policy:

- Continually and effectively improving our company environmental performance.
- Promoting sound environmental policies and practices within the company.
- Conserving resources and maximizing energy efficiency.
- Minimizing waste wherever practicable.
- Reusing or recycling waste where appropriate and regulating the treatment and disposal of residual waste.
- Enhancing environmental awareness of colleagues.
- Advocating good environmental practices on both departmental and individual levels.
- Effectively communicating our environmental performance to all employees.

Regards,
Vikram Chopra

Executive Manager
