

Wheel of the Year

The Wheel of the Year is a sacred calendar that marks the changing seasons and the cycles of nature. It is divided into eight Sabbats, each representing a significant point in the annual cycle of the Earth. By honoring these Sabbats, we attune ourselves to the natural rhythm of the world around us and celebrate the interconnectedness of all life.

As we journey through the Wheel of the Year, may we find inspiration, connection, and reverence for the cycles of nature and the turning of the seasons. Let us honor the earth, the sun, and the moon, and celebrate the magic and beauty of the world around us.
