Adoption Contract

I/we, _____ commit:

1) To keep this animal in my personal possession and to provide proper and adequate food, water, shelter, grooming, tooth and gum care, and humane treatment at all times.

2) To procure veterinary care at once if this animal becomes sick or injured, and to keep current all vaccinations as recommended by law and my veterinarian.

3) To have the pet spayed/neutered by six months of age. Contact Bobbi and she will give further instructions to schedule at Northwest Spay and Neuter (if not already spayed/neutered).

4) To obey any and all animal control regulations governing the area in which I live, and to license this dog(s) according to such regulations within two weeks of adoption.

5) To never sell, trade ownership, abandon or dispose of this animal in any way instead I will notify Casa Dog if I must relinquish possession of the dog. I also agree to work with Casa Dog, knowing they are not a shelter by holding the animal until a suitable new foster/permanent home is found. I understand that taking the animal to a shelter in a breach of contract and can result in legal actions and my information being added to the National Do Not Adopt registry. INITIAL HERE _____ You are not to rehome your adopted dog!!

6) To allow Casa Dog to examine the animal and its living conditions and to surrender it to Casa Dog if the conditions are found unsatisfactory.

7) Do not leave the dog unattended with any children in the home.

8) To never leave the dog outside and observe local leash laws at all times.

9) To assume full responsibility for this animal's actions, including any damage caused by this animal.

10) To immediately pay the adoption fee unless prior arrangements have been made. Failure to do so means that the animal remains in the possession of Casa Dog and that Casa Dog can require the animal to be relinquished at any time. I also understand that failure to pay will result in my information being added to the National Do Not Adopt registry.

11) Create an account on Freepetchipregistry.com and let Bobbi know when you have created it to transfer it to your account. Please have your dog's microchip scanned at their vet appointment every year. If for some reason it is no longer scannable we will rechip them. Please contact Bobbi if this happens.
