7.) Download Partner Support App

Access to Contractor Support Channel Granted

8.) Begin Accepting Service Requests

First Paycheck Issued via Direct Deposit

Work Opportunities for Independent Workers

We look for people who are responsible and exceptionally decent at the core!

As a roadside assistance partner for Just Jump USA, you will help drivers get back on the road after minor car issues. As an individual partner, you will have access to our dedicated technical and dispatch support teams that can help you complete service calls more quickly and efficiently. This is a great position for the hard worker looking for fair income and consistent work. Many people like the freedom of not being tied down to an office, getting out to meet new people, and helping others every day. If you have prior experience as a pizza delivery, Uber or Lyft driver, automotive technician, general service technician, lube technician, field technician, maintenance technician, trade worker or laborer, handyman, mechanic, warehouse or production work, locksmith, electrician, dispatch, assembler, apprentice, trainee, janitor, cleaning, waiter, waitress, or military, this would be a great job for you. An organized and responsible person who knows there way around the city will see the most success.

Our average pay earnings across most areas range from \$12 to \$13.89 per service call. Since a simple one way trip to the service destination is all it takes to start earning with us, our partners see much more income and fuel savings than they would driving for rideshare or delivery services, which require much more effort due to the need to drive to both a pickup **and** drop-off location. In addition, our customers feel rescued and generally gracious when we service them which helps contribute to more direct tips to partners.

General Responsibilities:

- Jump start cars
- Unlock cars
- Deliver up to 2.5 gallons of gas
- Replace flat tires with the spare tire
- Inflate deflated tires
- Document the service you provide using POSS (Proof of Satisfactory Service) Photos.

General Requirements for Partners:

- Minimum 21 years or older.
- High School Diploma/GED
- Personal vehicle.
- Valid insurance.
- If your vehicle is currently financed, you must be current on payments.
- Valid driver's license with a clean driving record.
- Must reside and know your way around the area in which you have applied.
- Vehicle safety equipment must be in proper working condition.
- Clean background check.
- Exceptional customer service and moral decency.
- An up to date resume.
- Current contact information.
- Great reading and comprehension skills.
- General Liability Insurance to protect yourself and the work you will be doing.

Equipment Requirements for Partners:

- A high amperage Jump Box or Battery Pack (No Jumper Cables Allowed)
- A car unlock kit
- 4 way tire iron
- Tire chalk
- Floor jack
- Portable air compressor
- 2 to 2.5 Gallon Gas Can

The less equipment you possess is the less job offers you may receive. Example: If you only possess a Jump Box, you will not be able to receive offers for other jobs outside of Jump Starts.

Pay & Benefits:

- Get paid a flat fee of \$12-13.89 per completed service call, plus keep 100% of tips. Most service calls are within 15 up to 25 minutes of each other. This job is simple, but requires a certain level of common sense.
- Dedicated technical support team available at no cost to help address your job related questions and build your confidence in this role.
- Direct Deposit Twice a Month
- Extremely Enjoyable Work Environment
- Referral Bonus (You and a friend can both earn a \$100 when you refer a partner to us and they satisfactorily complete 50 service calls within their first 30 days)

Job Types: Full-time, Contract, Part-time, Temporary
