This Month's Meeting

FSGC Program and Meeting

Thursday, May 11, 2023
Time: 6:30 PM to 8:30 PM
Location: Kemper Center, Faulkner Bldg.

An Update on the Lakefront Eldergarten:

Tom La Duke from St. Matthew's Lakefront ElderGarten will share updates with us on the progress of the garden. The ElderGarten is the recipient of multiple grant awards from FSGC and will be a special stop on our Secret Garden Walk this year. We look forward to learning about recent updates and future plans for the garden.

An important business meeting will follow the presentation to cover critical business and final preparations for the Plant sale in May and details for the Secret Garden Walk in July such as the home assignments.

Please attend this meeting!

The Friends of the Monarch Trail are thrilled to announce their 2023 Annual Plant Sale. It is two days to come and choose the best monarch and pollinator plants for your garden, patio, park, school, and/or business.

Six types of milkweed plus the best late-blooming plants for migrating monarchs will be available. Together, we can become part of the network of connected habitats that will provide the lifeline for monarch butterflies.

In addition, and just in time for Mother's Day, the Monarch Marketplace will have a delightful variety of "monarch themed" gifts, garden art and items for kids, as well as the lovely, delicious, and ever-popular butterfly cookies from La Tarte Bakery.

Many volunteers will be on hand to answer questions about the plants and the work of the Friends of Monarch Trail to protect a portion of the Milwaukee County Grounds specifically for the Monarch Migration.

The Monarch Trail is located at 9480 W. Watertown Plank Rd. Wauwatosa, Wisconsin. This migratory stopover is one of only a few known sites in southeastern Wisconsin.
