

SDG

(Sustainable Development Goals)

To design and formulate a sustainable standard of living, Yayasan D-8 Malaysia plays an important role to support the country's efforts in delivering the United Nations Programme on the Sustainable Development Goals (SDGs). Initially, six (6) SDG programmes were identified to be compatible with the socio-economic environment of Muslims in Malaysia.

All donations from the D-8 CEFC Mymasjid Program and from the D-8 Malaysia Foundation will be channeled to the mosque directly or through the SDG Program

"There will be no loss of wealth. And a forgiving servant will surely Allah add glory to him." (Muslim History)

Sadaqah"

D-8 was declared in Istanbul in 1997 which consists of 8 countries namely Bangladesh, Egypt, Indonesia, Iran, Malaysia, Nigeria, Pakistan and Turkey. This group of countries has a population of 1.2 billion with a gross domestic product (GDP) of USD 4 trillion. D-8 is headquartered in Istanbul, Turkey, headed by the Secretary-General and under the auspices of the United Nations. The Post Of Secretary-General shall be held in rotation by the member states every 4 years.

The main objective of D-8 is declared to be socio-economic development according to the following principles:

- Peace from conflict.
- Dialogue rather than confrontation.
- Cooperation from exploitation.
- Justice versus "double standards".
- Equality, not discrimination.
- Democracy, not oppression.

On July 26, 2023, the Secretary-General of the D-8 Organization received and signed a "Memorandum of cooperation" to achieve the above objectives under the private initiative of the D-8 Creative Economy and Financial Center (CEFC) Program.

This Memorandum of agreement is to achieve a vision and mission to improve the communities in the D-8 countries in terms of per capita income and Gross Domestic Product (GDP). The method of treatment is through the principle of 'GIFT Economy' and among the main programs given priority under the CEFC D-8 program are:

- CEFC MyMasjid D-8 Program
- Sharing Malaysia's Success Stories (Malaysia Success Story)
- The Digital Economy Platform
- The 'World Islamic Centre of Excellence' (W.I.C.E)

D8-CEFC MyMasjid SDG

Is a program of economic development and improvement of the ummah through a digital platform called D-8 CEFC MyMasjid for (Muslims & non-Muslims) around the world including the United Nations SDG (Sustainable Development Goals) program .

This digital Platform gives 10 benefits;

- Expanding business network
- Join businesses in the local and global digital economy (worldwide)
- Provide access to financial facilities to develop the business
- Improve business knowledge and skills
- Bringing communities (merchants, consumers, & governments) together on one platform
- Contributing to and implementing socio-economic programmes (SDGs)
- Close kinship with fellow human beings (silaturrahim)
- Contributing to the cost of business
- Sustainable business
- Generate revenue for consumers and merchants
