OTHER PRODUCTS

PU GLOVES

- Palm PU coated – durable, wear and tear resistance
- Perfect for handling small components and carrying out precision works.
- Breathable, reducing hand sweating and increasing comfort for extended use.

CUT RESISTANT GLOVES

- Extremely durable, high abrasion resistance level
- Cut protection from small metal parts, glass, and tools
- Offers enhanced grip and slip resistance with a PU-coated palm and fingers
- EN388:2016 certified

Product Type	Model No.	Guage	Q'ty (per box)	Size	Total Length (mm)	Palm Width (mm)	Material	Color
PU Glove	DK-GP23-S	13	500 pair	Small	225	90	• Liner: Polyester • Coating: PU (Polyurethane)	Black

OTHER PRODUCTS

PE BAG, TUBING, FILM

- **Versatile Use** – Ideal for industrial and commercial packaging applications.
- **Durable & Flexible** – Made from Low-Density Polyethylene (LDPE) for superior strength and flexibility.
- **High Resistance** – Provides excellent chemical, weather, water, and low-temperature impact resistance, along with great moldability.
- **Available in multiple Formats** – Available in rolls, tubing, and bags to suit various packaging needs.
- **Customizable Options** – Offered in various thickness (1 mil~6 mil), widths (8 cm and up), and lengths to meet specific needs.

OTHER PRODUCTS

VCI POLY BAGS, TUBING, FILM

- **Versatile Application** – Used in various industries to protect metal components from rust and corrosion during storage and transportation.
- **Superior Corrosion Protection** – Made from high quality Polyethylene (PE) with vapor phase corrosion inhibitors for rust prevention of both ferrous and non-ferrous metals
- **Multiple Formats** – Available in bags, films, and tubing to accommodate different packaging requirements.
- **Customizable Options** – Offered in various thickness (1 mil~6 mil), widths widths (8 cm and up), and lengths to meet specific needs.

OTHER PRODUCTS

Customizable boxes and containers

- **Durable Construction** – Made with high-strength corrugated materials (paper or plastic) to offer excellent load-bearing capacity and durability for transportation and storage.
- **Versatile Application** – Ideal for a wide range of industries including automotive, electronics, logistics, and manufacturing, providing secure packaging and protection for various components.
- **Customizable Designs** – Available in a variety of sizes, thicknesses, and structural designs (single wall, double wall, plastic corrugated) to fit specific product and shipping requirements.
