Nancy King

Nancy King graduated from Warrensburg High School, Missouri, and earned a B.S. in Foods and Nutrition from Central Missouri State in Dietetics. She earned a Masters of Allied Health Education from IUPUI. She formerly worked as a dietician for the Warrensburg Nursing and Medical Center and for the Indiana School for the Deaf. Nancy also worked as an educator for the Purdue Extension of Hancock County before retiring in 2003. She was a member of the Greenfield Christian Church.

Nancy was critical to the beginning of Leadership Hancock County. She met with Thomas Seng, CEO of Central Indiana Power, and they realized there were no leadership organizations in our community. Nancy immediately led the charge to convene other leaders in our community, Bobby Keen and Thomas P. Miller. Together, the four of them created a steering committee to discuss how to begin such an organization and Leadership Hancock County was formed.

Nancy was a member of the Indiana Extension Agents Association and the Hancock County Extension Representatives for 23 years. She established and maintained various organizations including The Alliance for Community Education, the Hancock County Library, the Greenfield Christian Women's Club, the Hancock County Red Cross Chapter, the Hancock County Food Pantry, the Hancock County 4H Queen Pageant, the Hancock County Mental Health Association, and Leadership Hancock County. She was a member of the Indiana State Fair Queen Committee for 12 years and co-owned "Laugh and Learn Presentations." Nancy was also a member of the U&I Hancock County Extension Homemakers and was current President of the HRH Volunteer Guild and served on the Hancock Hospital Foundation Board.

Nancy performed 25 years of service for the Indiana Association of Family and Consumer Sciences and 24 years of service for Epsilon Sigma Phi National Honorary Extension Fraternity. She was a member of the AAFCS Extension Section, a member of Senior Services, and a member of the Greenfield Kiwanis Club. Nancy also judged foods for county and state fairs. Nancy earned many awards over her life including the 2003 State of Indiana Sagamore of the Wabash Award, the Community Service Award for the Greater Greenfield Chamber of Commerce, the 2003 Lorraine Caldwell Award of Career Excellence, and the Set a Good Example Foundation 2008 Todd Kaminski Community Award. She was also awarded the Paul B. Crooks Distinguished Extension Agent Award, the 2003 IEAA Career Award, and the National Association of Extension Home Economists for Continued Excellence Award of at least 12 years of service.

The Leadership Hancock County Board offers a class scholarship in Nancy's honor.

In the annals of Leadership Hancock County's history, one name shines brightly—a beacon of inspiration and dedication that continues to illuminate the path for leaders of tomorrow. Stacia Aleya, a member of the inaugural class in 1996, embodied the very essence of leadership, leaving an indelible mark on all who had the privilege of knowing her.

Stacia was not just a participant in the program; she was a pillar of strength and commitment, deeply respected by her classmates for her unwavering dedication to her community, her family, and her career as a member of the Shelby County Sheriff's Department.

Tragically, in April 1996, as her year in Leadership Hancock County drew to a close, Stacia's life was cut short in the line of duty—a devastating loss that reverberated throughout the community. Yet, even in the face of such tragedy, Stacia's legacy of service and sacrifice endured.

Just the week prior, Stacia had been honored by Mothers Against Drunk Driving for her tireless efforts in combating drunken driving—a testament to her unwavering commitment to making a difference in the lives of others.

In her memory, Stacia's Leadership class came together to create the Excellence in Leadership Award—a fitting tribute to a woman who exemplified the very best of leadership qualities. Since its inception in 1997, this annual award has recognized individuals who embody the spirit of Stacia—those who demonstrate a balanced commitment to community, home, and work; a fervent passion for improving the world around them; and unwavering integrity, dedication, candor, and compassion.

Yet, perhaps the most poignant aspect of this award is not the accolades it bestows, but the manner in which it is bestowed—through the votes of fellow class members. For it is they who intimately understand the essence of true leadership, and it is they who honor Stacia's memory with each passing year.

In a world often fraught with challenges and uncertainties, Stacia Aleya's legacy serves as a beacon of hope—a reminder that, even in the darkest of times, the light of leadership shines brightest when fueled by integrity, compassion, and a steadfast commitment to the betterment of all.

May we all strive to embody the spirit of Stacia, and may her memory continue to inspire generations of leaders to come.
