## *Group Project Ideas*

We would love to hear project ideas from our community that our next class year project groups can reference for ideas.

***Does your business or organization have a need that one of our project groups could help you accomplish?***

<https://forms.gle/kvQr7N8Yuuggq2AT6>

**Please keep in mind the parameters we share with our class:**

1. The project cannot solely be a fundraising event.
2. Projects can be from sweat equity to the group raising funds to cover the project needs.
3. The project must be sustainable and continue to thrive after completion. Will your organization maintain the project?
4. Please note : LHC group projects cannot apply for grants. Your organization may do so, but our class and LHC will not apply for grants.
