## A BEVERLY HILLS BIRTHDAY

May and June are fast and furious. We dove into full party-planning mode for Berkley's golden birthday celebration, and what better way to do that than with a lavish Beverly Hills Hotel themed party? Everyone pulled together and helped make our vision a reality. From the stunning decor to the delicious food, everything was perfect. We're so grateful to have had such an amazing team of vendors who helped make our party a success. Here's to many more happy memories in the years to come!
