

Our Continued Education Programs

Through the Chaplaincy Training Institute, our chaplains have the opportunity to continue their education at a discounted rate. For those who have minimal chaplain experience or experienced chaplains who are looking for refresher training or would like to increase their skills as a chaplain and Christian Counselor, CTI offers a 29-week certification program.

Our Chaplains Serve in Industry

- Provide Chaplain Training and more!

Equipping the Saints

"And He Himself gave some to be apostles, some prophets, some evangelists, and some pastors and teachers, for the equipping of the saints for the work of ministry, for the edifying of the body of Christ..."
Ephesians 4:11-12 (NKJV)

Chaplains International a Recognized Industry Leader

If you feel God is calling you to the field of Chaplaincy, then you have come to the right place. Chaplains International, founded in 2006, is a leader among chaplaincy providers credentialing qualified individuals for service. Well regarded by the public services community, our ordained chaplains and support teams provide services for agencies such as the US Federal Bureau of Prisons, law enforcement, health care service providers, and emergency responders throughout the United States and around the world.

During many national disasters, Chaplains international chaplains have responded, providing comfort and aid. During the recent flooding in Texas, as well as the recent fire in Paradise, California, our chaplains were there assisting.

Chaplains International is active in establishing new chaplaincy districts and church ministries globally.

Our Chaplains

Our chaplains bring with them a lifetime of experience, training, and skills that make them a vital asset to the emergency services community. Our chaplains are available and minister to people during times of illness, serious injury, and death.

A Strict Code of Ethics

Our chaplains are required to follow a strict code of ethics and must adhere to the rules of confidentiality. Many of our chaplains receive specialty training in the areas of disaster spiritual care, crisis intervention, domestic violence resolution, suicide prevention, administering death notifications, and stress management.

Become a Chaplain Candidate

Candidates who are seeking internship or ordination, who qualify and meet the requirements of the Commission of License and Ordination will be commissioned and receive their credentials as a chaplain and minister by their designation. Those who earn their commission as an ordained Chaplain and minister will be sanctioned by this church fellowship to perform the sacred duties of the church as a minister of the Gospel of Christ.

The Application Process

All candidates are required to complete the CI application and submit a resume, along with other supportive documents, if any. The process can be completed online on our website or by downloading a copy of the application in PDF format and mail, it back to us by USPS along with other required documentation. Review by the Commission takes approximately 4-5 weeks.
