

Replacement Covid Vaccine Cards

We can provide you with a new Covid card as long you got your vaccine from Isleta Health Center or Isleta Public Health.

We will not be able to give you a card from other locations.

In order for us to provide you with a replacement Covid card, you will need to complete a Release of Information Form and present a Picture ID.

In addition, you can access your vaccine records at the State Website https://nmsiis.health.state.nm.us/webiznet_nm_public/Application/PublicPortal
