# The Balancing Act

Evangelist Nate Griffin

To everything there is a season, and a time for every purpose under the heavens (Ecclesiastes 3:1). There is a natural balance that has been set in place by God from the beginning. When we deviate from that established norm, we encounter turmoil. When you eat to satisfy your hunger, all is well. When you overeat, you have trouble.

When you work to meet your financial goals or obligations, all is well. When you work for the sake of working without taking time to recharge, you have trouble. When you take medication in proper doses for an illness, all is well. When you overdose, you have trouble. I think you get my point!

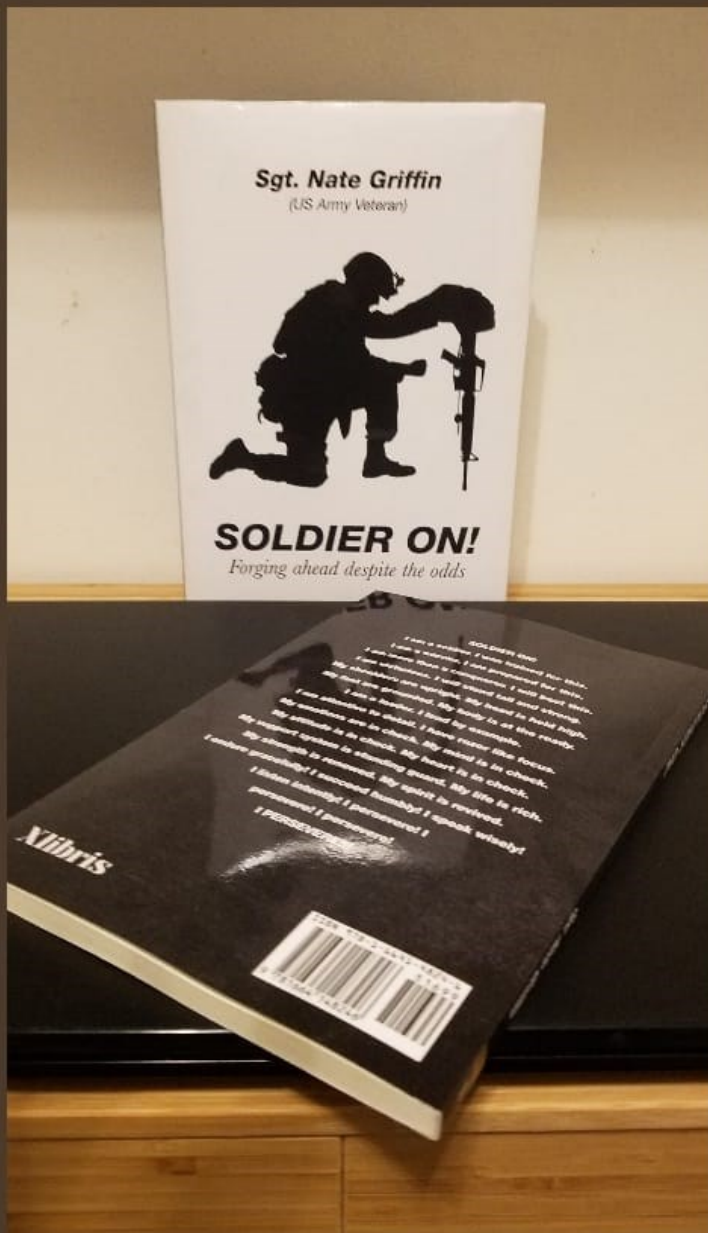

Keeping our spirit soul and body in balance on a daily bases, can be difficult. We lose sight of following our passion for being blinded by our addiction. We justify our over-the-top excessive behavior by saying it's all about the grind. True, we must be persistent and disciplined enough to achieve our goals. But, doing so at the risk of our peace of mind or overall health, is not an exchange you want to make. Going into a new year, we want to make a concerted effort to take time to... take our time. Yes, there are things in our lives that require urgent attention and a strong push. But, taking the time to rest, recharge, regroup, refresh, and then return, will ensure we stay fresh, vibrant and passionate about what we must tackle. There were times when Jesus, in light of the fact that the

Gospel must be preached, souls must be reached, people needed daily healing, and ministry must move forward. Said to his disciples, "Come ye yourself apart into a desert place and rest a while": for there were many coming and going, and they had no leisure so much as to eat. So, even in a case of urgency and importance, Jesus understood and sought to teach his disciples the importance of balance.

Learn to sit still for a short moment, meditate, or just sit still and listen to the sounds around you. Give yourself time to catch up, enjoy life, enjoy the moment. Avoid feeling the need to fill every moment of your life with activity. Learn the art of quietness. Then, when you need to pour on the juice, you'll not run the risk of burnout or frustration. Remember, if you drop dead today, people will mourn your passing tomorrow and fill your spot at work and everywhere else the very next day.

Happy New Year everyone. Soldier On!

# Gaining the Right Perspective

Dr. C.A. Dangerfield II

What is the real reason behind this pandemic, earthquakes, hurricanes, tornadoes and shameful behavior it's a wakeup call to mankind? Yet mankind still desires to act like a unruly and disrespectful child. Not paying attention and having no real understanding of what is happening to all of us. This place is called darkness and we are falling into a reprobate mindset as a society. The solution to the whole problem is found in the Word of God. Our situations and circumstances could be able to be fix but we have failed in reading the manual in order to know and understand what to do. The other problem is everybody's saying nothing but talking loudly, not having conversations with real solutions only selfish agendas. The world is so oblivious to these situations that we cannot seem to get a clue. In our streets outside our doors man feels the only way to fix a problem is to eliminate it so every morning when you get up to get the weather. You receive the news not that one person died but multiple people to violence. Your community comes out for a vital but the next day the story repeats itself and now the becomes the new normal and we just become immune and it escalates into a deeper womb not a simple cut but a blood gushing womb.

We are so in trench with an overabundance of stuff because of the things and behaviors we were warned of it now feeds our personal lust, vanity, envy and pride. Creating an even bigger hole of devastation racing towards us because we are so distracted by our own selfishness, we fail in maintaining correct solutions.

We are complacent regarding so many things yet when we have a moment of consciousness, we wonder how this could be. We have chosen the path of disobedience for generations and now we are living within the affects and outcomes that we decided upon by pass generations. If they could have actually seen the results of their actions now, they surely would have made wiser choices then. And the next will suffer the same or worst if we don't line up with the true principles of God and not man's watered-down version that has caused so much mismanagement. We have to own these mistakes even in our so call entertainment there are visual warnings but again we are oblivious and don't heed them and go into shock when they become a reality.

Even in this country with its many ticks wrote out a document of intent even though they were not living it out at the time of its creation. They prepped Habakkuk 2:2 which was to be a covenant that God is honoring because so many things then that should have been but were not. Are today because words have power especially God's word. Even though these things play out some still relish in an understanding that they have the right and power to inflict more harm and oppression on others. Not understanding that this may be for a season but the reflection in the mirror will reap the same fate from another if we do not repent our ways. The Word of God will operate out and do exactly what it says "You will reap that which you sow..."

A few generations back one woman complained about the very thing that offered balance in a declining society because of that a panel of nine listened to one and

A few generations back one woman complained about the very thing that offered balance in a declining society because of that a panel of nine listened to one and have helped to devastate many. Prayer in school was one key factor to balance and provide oneness with God. That removal accelerates more discord, increased violence, metal detectors, have chains on doors to keep certain people out. Guns, knives drugs mass shootings, sexual pervasiveness by opening the door to the darkness because we refused to maintain light. So, in the school now we are teaching and instilling a very different way of life then how God intend and our society is suffering. Because what should have been the adult authority in room decided it was to many rules and walked away from responsibility. We are living in the outcome and reality of that decision. Every time we've given to a wining, pouting and disruptive behavior it's like giving the keys to a toddler knowing good and well they can't see over the dash board to know where they a going and create a lot of mayhem. Just because we want the noise to stop well sometime in order to change behavior you have to address the attitude directly. Thou shalt beat him with the rod, and shalt deliver his soul from hell. Proverbs 23:14 KJV

Foolishness is bound in the heart of a child; But the rod of correction shall drive it far from him.

Proverbs 22:15 KJV

Withhold not correction from the child: For if thou beatest him with the rod, he shall not die.

Proverbs 23:13 KJV

The rod and reproof give wisdom: But a child left to himself bringeth his mother to shame.

Proverbs 29:15

Some would argue this can be viewed as child abuse. But to not discipline a child is a far greater form of child abuse. They will never recover from their childhood because you have aided in destroying their adulthood because of the absence of the Godly principles that will keep them in alignment. It is the parents' responsibility to ensure that these actions take place. Parents are the first form of educators a child has because they have been entrusted to us by God for God. They are a part of what we have been given to manage in the earth. One day we too will be reviewed on the performance of this task.

The appeal and escape from things and times when we fall out of alignment with the principles of God which He has placed throughout His Word promises that would apply when we comply with obedience.

But if the wicked will turn from all his sins that he hath committed, and keep all my statutes, and do that which is lawful and right, he shall surely live, he shall not die.

Ezekiel 18:21 KJV

So, there it is God said it and I believe! His mercy endures forever!

So, if you are reading this and the spotlight lands on you as it also hit me in a few places while I was writing it. We all have some urgent work and adjustments to be made from our mismanagement of what God has entrusted to us. This is His mercy in play by allowing us this moment to fix our behavior and reap the benefits of God's

Word and promise in 2 Chronicles 7:14 by complying to it in its entirety and not only in part. Let's get it done our future depends on our obedience so there is no need to look outside at others we first must fix ourselves and bring back balance and alignment the way that it is meant to be.

# Life Becomes Difficult When We Lack Balance

Dr. C. A. Dangerfield II

Life becomes difficult when we lack balance and most importantly relationship with God our Creator. Because we rapidly become unbalanced in our way of understanding and recognizing truth and not giving credit to fictions created by our lack of knowledge to create falsehoods. Observation is also not our strong suit when lack relationship because we fail to see the nature of God as He demonstrate that which He has spoken and shown throughout man's entire existence. History has demonstrated His steps and movements countless times but when the will of man far exceeds the principles of God it requires a reality check and a abrupt wake up call to bring us back in alignment with the principles of God.

It is the arrogance and disobedience of those whom have been given grace to lead who fail to keep their alignment with God in complete balance in order not to lead astray those to whom he has entrusted to their hands. Having the understanding of the instructions given "In all thy ways acknowledge Him and He shall direct your path." Comprehension of the truth creates the necessary balance for our journey throughout life to eliminate pitfalls in darkness (ignorance) because we have the sense and where with all to turn on the light (knowledge that is obtained through His Word). "My Word is a lamp unto your feet and a light unto your pathway."

To gain the appropriate wisdom one has to study without excuses. For when we do so we are understanding that which is spoken through His Word in regards to "The blind leading the blind they both wind up in the ditch" Every misstep we align ourselves with proves over and over this fact independently or collectively we manifest the outcomes we eventually experience. Denial of our wrong doing just keeps adding insults and prolonged our healing because pride and humility are on different sides of scale. If not properly balanced each will render a very defined outcome of destruction for disobedience to God's law or opportunity rendered for obedience to His Word.

This comes down to our individual decision and choice. Creator or creation who do we recognize and trust based on this fact and one choice. Adam's way or Jesus' way? That's pretty cut and dry and to the point. If you don't know how to answer the question then you have to study without excuses to make the decision. One truly offers an opportunity for a new beginning.

As we are approaching the threshold to see a New Year. Ask yourself if it is your desire to walk across or continue stumbling across rather than get your balance in order to see a clear path? Your action toward this question will most definitely demonstrate your outcome and truly highlight your demeanor and character going forward. Those paying attention will choice to stay clear of your choice for a destructive path, but through grace will render prayers that the scale that blind you would somehow be remove affording you a second chance to make the right decision. Where you humble yourself at the feet of Jesus and put pride aside. There is no other way! One way only!

## 535 to 1

Dr. C. A. Dangerfield II

Well, it's really time for a serious reality check. Our government is so distracted calling out colors like the crips and bloods and acting like some production spinoff of Westside Story where there is a tragic end. As we snowball down the hill because everyone is talking and no one is paying attention to the destructive path that has historically destroyed previous civilizations because they operated in the same behavior of lost focus, arrogance, selfishness and side deals which were for personal gains and not the people they were entrusted to serve. Trying to sever every connection to the one constant truth that will right this pathway. Every time it looks as though there is a glimmer of hope someone wants to reintroduce oppression as though it's some great path in life. Are we that ignorant that we sign on and endorse the very things that go against the very principles of God as if we know more than the Creator? Everything that the Word says thou shall not we push agendas to do as if there is some compromise in place that gives mankind the authority to do so. All of our problems stem from our disobedience and destructive nature. It is what is, we have mismanagement so many things that we even lost the ability to become somewhat humble.

We've failed at two simple rules "Love the Lord thy with all thy heart and mind and love your neighbor as thyself." With these two principles we have cut ourselves off to the point of a gushy womb that a band aid or tunic cannot fix, it requires a complete operation with full participation to close up the womb before it becomes totally infected. Gangrene is really trying to set in. We need a strong astringent to clean the womb and it has to be administered in each house, each nation the Word of God not a partial dosage but full strength following the prescription to the letter. "If my people which are called by my name would HUMBLE THEMSELVES and pray seek my face and TURN FROM THEIR WICKED WAYS then I WILL hear from heaven and HEAL their land. This is a prescription with a definitive promise. Not a might or maybe but an actual guarantee. The solution to the effects to which we have caused by our disobedient nature. P535 people making a lot of noise flexing colors without resolutions or merit misguided from the real truth and misaligned

# What is the lesson Lord you are teaching me today?

Dr. C. A. Dangerfield II

I used to complain about life situations until while listen to a message my Pastor was given to deliver to the church which gave me a new perspective and totally different outlook on life. Yes, some circumstances we bring upon ourselves due to our disobedient behavior to the principles of God. While other maybe because God has decided to grow our perception of who He truly is and expand our level of faith and increasing our trust as a child does a parent until demonstrated otherwise and we learn to refrain.

I found that through my faith and trust level that God saw fit to show favor towards me and enlarged my territory of responsibility to which He was confident that I could handle that would not cause me to go astray because He understood that I had to recognize my true source in everything that takes place in my life and I have become mature within our relationship.

The circumstances to which I may face at times I will refer to them as test as Job came to understand. Having the ability to hold on to God even in the extreme of circumstances even when others press you to give up. Powering through because even in any situation victory was purchased at the cross for us to become a notable witness for God throughout our lives so we are able to reflect to others what we have come to understand firsthand.

So, my prayer each day is Lord what is my lesson for Today? What will I be able to walk away from with a greater understanding of your true power and might? Even when it appears that there may be no way out but through patience and persistence He always comes through on time. I walk away cherishing our relationship more because He allows me to prevail over mankind. Even when I have been found to be misaligned with Him, he shows mercy and provides grace with a new understanding that I might not trespass again. This is how I have grown in maturity not on my own accord but solely through Him. That is what opens the door to making life meaningful with this incredible relationship with the Father because we understand how nurturing He is also as it should be because we choose to mirror Him. Take some time to study His Word that demonstrates His principles and reflect back on them as they have made appearances throughout your life so you never forget the wonders of His love as it appears to you. Then as you worship Him that experience becomes more meaning and intense and then you will have a greater understanding to why David danced and not some watered down misguided understanding. It is through our personal experiences that we render higher praise and become effective witness because we know what we know it's personal. We can't fake truth it will always stand no matter what. That's why the Word of God proclaims "Oh taste and see that the Lord is good..." Because of that we have the understanding that "No weapon that is formed against thee shall prosper; and every tongue that shall rise against thee in judgment thou shalt condemn. This is the heritage of the servants of the LORD, and their righteousness is of me, saith the LORD." Isaiah 54:17 KJV. Mediate on Him and allow the Holt Spirit to work in you. You have nothing to lose but rather a whole lot more to gain when you trust in Him!

# Silence is not Golden

Dr. C. A. Dangerfield II

The saying "Silence is Golden" is definitely not true. When you hear the reasons behind why some people throughout life have gotten in trouble aside from the one major issue based on where they are discriminated against is the number one factor and that a totally different problem where accountable will arise when those who had a hand in that stand before God.

For those other who speak about their childhood that is also significant because of the lack of structure and the lack of guidance which has a child stumbling through life in darkness. Darkness in this case meaning ignorance, the lack of knowledge. The sad truth of the matter it has snowballed recklessly endangering everyone in its path from generation to generation until someone recognizes it then bravely and caringly insert themselves in its path to try and stop the destruction and devastation before it claims another generation because they can't stand being a gossiping do nothing spectator only giving their unmerited opinion during the evening or morning news. Clearly because they understand that is not enough to fix the issues. Mankind's hands off and pass the buck approach proves not to be working. Beside that our disobedience in not adhering to core principles of God has us directly in the place we find society today. Not paying attention to history and its outcome has us clearly walking in ignorance towards an even greater fate.

Even within this spend of time we hear ridiculous slogans and misguided understandings and desires which have not been well thought out or come from a selfish nature or mindset lost in complacency because we are failing to see the true conditions around us. What pleasure or comfort derives from administering repeated oppression on people when you have the power to change the behavior and/or remove it. Why is going back to this sort of behavior viewed as normal or a time of greatness. Clearly this is a very narrow sighted way of thinking and a misguided reality to the actual truth of the matters which are at hand.

A much-needed reality check which requires some to step outside of the box of comfort and get a taste and understanding of the real existence as it is from a different vantage point to see the real truth. Because you have been sheltered too long and a much-needed intellectual stimulation of understanding is in fact needed. Rose tinted lenses has in fact provided a view in color of being in a pleasant environment, when in reality if removed when illustrate the cold hard truth. Which is not having the ability to retreat anywhere no time soon. But to remain to force us to wake up to reality which will eventually visit those who try hard to ignore it. So, it's better now rather than to prolong it to be later. But a taste of reality will come to visit us all. Then we will have the scares of complacency to remind us of our part. When I could I wouldn't and now I want to and I can't.

We must become the generation of action and not the repeated spectators of regret

from the past. We are all accountable for what we continue to let go as if individuals have more power than God. The Bible speaks to doing our first works over again.

God's grace and mercy continues to open doors of opportunity for change but it is the lack of faith that doesn't permit most to venture in. Simply due to a weak relationship with God and not having the ability to understand His nature or His purpose for each one of us.

We all need to know Him on an intimate level which creates the greatest trust level we will experience with anyone and we will see true truth when we get there. It is at that point that His word takes hold and you literally walk in Him and His words do not come back void. Just one step towards Him is all it takes. He will balance out everything in your life from that one step. As you make that one step towards Him shut off all outside distractions because this is your individual opportunity and you can see everyone and everything later. Just focus on the one step and enter in to the new room made especially for you. It doesn't require you to bring anything but yourself because it's brand new.

God our provider will fill it with everything you need. Just respond to the invitation with the one step. Can't you hear the call right now? Every day we are blessed to awaken is an opportunity for a new beginning. Experience the awakening and see what happens and embrace the opportunity and the new beginning. It's all good and it's all God! Your relationship with God will be proof all by itself!

No outside noises will change this fact. Go ahead and experience it for yourself. For those who got distracted His grace and mercy has created a pathway back to Him on your behalf. He would that no one would perish it's that same one step in the right direction. He is a loving father who uses every means to get our attention and our focus back on being obedient. Even in our disobedience we wreck the car so to speak your life is worth more than that mere object and if losing it draws you back to the true comfort found in Him than so be it. The wakeup call was worth it He has your attention.

Insert from the book "Praising my Pond" by Elder Diane Harvell

"As I stood and watched all of this play out, my heart began to race. I couldn't believe what I'd just seen and heard. Why was Joe dead? Why would Richard ask Mommy such a thing? Richard left and Mommy walked out of the kitchen. I quietly sat on the metal step chair in the kitchen and wondered WHY????"

# Individual Power and Responsibility

Dr. C. A. Dangerfield II

Let us keep it real. The term or phrase of "Individual Power and Responsibility" right phrase for now but we have to apply it to the correct reason. We have to put our understanding and reasoning above and over everything that the worldwide leadership is focused on and look at the one key fact that has to be addressed and that is our Individual Power and Responsibility to align ourselves with the principles of God. When the Word of God is factual with what has to be done to fix all issue. The created has become oblivious to the fact that the creator is still present and His principles are what truly set the tone of what happens in the earth. We are proving the Word of God daily with regards to what the scriptures have already proclaimed. 1 Corinthians the very first chapter lays out exactly what we are doing today in and out of the church yet mankind continues to push his own agenda as though he possesses the remedy to that which is hindering mankind on every level. In this passage of scriptures, it is proclaimed "but God hath chosen the foolish things of the world to confound the wise; and God hath chosen the weak things of the world to confound the things which are mighty...1 Corinthians 1:27 KJV. You can read the same thing in any version of Word of God it states the same sentiment of what is wrong with mankind.

Believe it or not we are currently in a place of judgement. Just like a parent should be with their child. We have to do what is necessary to change the disobedient behavior to bring that child back into alignment with the principles and standards for our home, so than it is for mankind with the principles of God. We as the created cannot run over or dismiss the authority of God as if His Will does not matter. Even in the situations we find ourselves in today the Word of God provides the antidote to fix the poisons that have been applied to mankind that we should not perish without hope. Proverbs recognized as the book of wisdom explains within the 24 Chapter what we should consider even during these time in which we find ourselves even after all the things we have already faced. God always has a way of escape even for His children who are diligent in seeking Him for guidance towards the right direct so we don't misstep and fall into temptation and make a costly decision that can even do harm to a generation.

These things also belong to the wise. It is not good to have respect of persons in judgment. Proverbs 24:23 KJV.

Seek ye the LORD while he may be found, call ye upon him while he is near: Isaiah 55:6 KJV

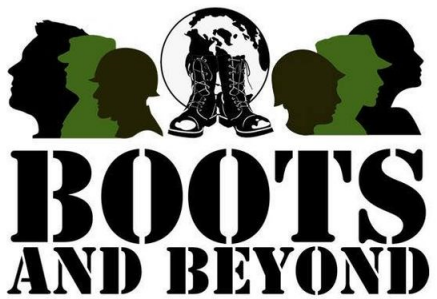

Seek ye the LORD, all ye meek of the earth, which have wrought his judgment; seek righteousness, seek meekness: it may be ye shall be hid in the day of the LORD's anger.

Zephaniah 2:3 KJV

The issue is also there are a lot of distractions and misinformation which aid in

creating an abundance of chaos and confusion leaving an overwhelming number of scars mental, spiritual and physical. Simply because even though the answers and remedies are available to us, the Word of God provided for mankind is only considered as a last result. Rather than studying as instructed to avoid the constant circumstances and situation we find ourselves in daily. We continue to react to life rather than responding in a favorable manner because we haven't done our due diligence as we should have. So, the outcomes are on us due to disobedience and the cliques apply to our behavior. God's promises come with our obedience to His Word and His principles and this fact will never change.

# Don't Allow Distractions To Rob You Of Your Blessings

Dr. C. A. Dangerfield II

God is the creator of opportunities that can provide much awaited blessing. It's when we fail to realize what God is doing or has done that the enemy can come in steal it right from under us. Humble yourselves therefore under the mighty hand of God, that he may exalt you in due time: casting all your care upon him; for he careth for you. Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour: 1 Peter 5:6-8 KJV

In our failure to keep our eye on the prize we are murmuring about the process rather than recognizing and understanding in its entirety the impact and outcome present within the results. So, in our mismanagement and misalignment with God's planned blessing we eliminate ourselves due to our own inability to recognize the hand of God and fully misstep away from that which was meant to be a blessing and transform it into a curse simply because we yielded residence to the wrong spirit.

Now finding ourselves robbed from our blessing in which we fully opened the door to the intruder of our soul. Unless we are able to get back to a place where we can humble ourselves, we will continue to intensifying and attack the innocent because we are operating in darkness and have been taken over by a reprobate mindset. Recognizing and getting back to a place of humility is our own and only recourse, putting pride aside is our greatest hurdle to understanding our misstep.

Humbling ourself is also our pathway back from the pathway of darkness and destructive behavior to which we ourselves have created by entertaining seductive spirits and thoughts desiring to work through us with the agenda of robbing your blessing. This is truly why the Word of God instructs us watch as well as pray so the we are not caught unaware and fight off sneak attacks. This we will find as a constant reoccurrence until we stop being reluctant to the changes God is trying to fulfill in us.

We must yield to God so that we can proclaim with certainty that. "No weapon that is formed against thee shall prosper; and every tongue that shall rise against thee in judgment thou shalt condemn. This is the heritage of the servants of the LORD, and their righteousness is of me, saith the LORD. Isaiah: 54:17

We do not want to allow the enemy to use us as weapon against the brethren to promote his agenda of divide and conquer. Dismantling the unity of God's people from performing the works in which he has ordained for Kingdom building. Watch and prayer for guidance and protect the unity .

Brethren, I count not myself to have apprehended: but this one thing I do, forgetting those things which are behind, and reaching forth unto those things which are before,
