# In All Thy Getting Get An Understanding

Dr. C. A. Dangerfield II

But my God shall supply all your need according to his riches in glory by Christ Jesus. Philippians 4:19 KJV

By all account we misunderstand and at times misquote this passage of scripture due to our comprehension.

Because in the Hebrew text that same passage of scripture reads as follows:

Moreover, my God will fill every need of yours according to his glorious wealth, in union with the Messiah Yeshua.

Philippians (Php) 4:19 CJB

For me that changes my who perception and prospective because it makes me look directly at the Messiah who he is and what he demonstrates to clearly understand the wealth within this word.

It has nothing to do with the vanity of mankind that continues to destroy us on a daily bases because our interpretation is flawed and we are truly misguided. It is only when you truly focus in on the Messiah and His interactions do, we glean a clear interpretation of the principles and essence (Spirit) of God. Therefore, we come to the understanding that all other accumulation is clutter and a major distraction that has gone overboard. It's the wisdom of God that provides peace in the midst of storms. Demonstrating that its internal and not external gain. You really have to stop what you're doing in all of its madness focus on the Messiah. I mean truly focus on the person of the Messiah and He will illuminate truly what matters. See His actual impact not the gloss over version like a story book character go deep into His essence. (spirit) Gain the understanding that is necessary, "In all thy getting get an understanding". When you gain that knowledge, you will

understand how superficial we are in all other areas of our life. The more we reflect Christ the easier our life becomes. The pressures of life are due to our inability to gain a true understanding. Therefore, we fight for the wrong possessions. Think about this way for a moment we entered into this atmosphere with a Spirit (essence) provided by God and we depart the same way only with the Spirit. It is one's Spirit (essence) that makes the impact with this atmosphere when we deliver it the right way.

We truly must gain the right perspective in order to find that peace that surpasses all understanding. How blind are we to the things of God. We have to study and we have to understand and know history for ourselves lest we believe a lie. The scriptures provide multiple instructions and clues that direct us to the real truth when we follow God's path. We gain that by an actual relationship intimate to the point that we have an ear to His voice that leads us to every turn and upon every reveal you grow. Only those who have truly chosen this path will see and begin to understand true meaning within His Word. This is why it will not come back void the deeper the search the bigger the reveal the greater the understanding. Truly put aside time to get the understanding that God intends for us to have that we honor Him in all our ways.

Come experience the Spirit of the Lord with us!

# Heresy or Legacy What Will You Leave Behind?

By Elder Diane Harvell

I would like to begin this article referencing the story of Cain and Abel. This story isn't just about a Farmer and a Shepherd but it's about a worshiper and a true worshiper of God. Most of us know the story very well one brother killed the other brother. Just as the message was then so it is today, true worshipers will worship God in spirit and in truth and those who are otherwise minded will sacrifice their legacy and choose to live an unholy life unacceptable to God!

Yet the mercies of God we can still find then and now because the "mark" that God put upon Cain was not a mark to call him cursed but it was a mark to call him blessed because that mark was in the form of the cross! Cain who slew his brother Abel, committed murder but thanks be to God, we see God has mercy on him. This story includes blood which is indicative of the blood of Jesus Christ that was shed on the cross for us. The mark he put upon Cain is indicative of the salvation Jesus gives to all who will come to Him. In Genesis chapter 4 Cain cries out to the Lord and said, "My punishment is more than I can bear." Because the Lord was removing Cain from the land therefore Cain would also be removed from God's presence and Cain knew he would not survive without God he said, 'others would think he's a vagabond and would kill him.' Although Cain killed his brother, God had mercy upon him, put a mark upon him for all to see, which said, 'child of God' and declared if anyone harmed Cain, vengeance would be taken upon them seven times more.

Many people believe the mark that was put on Cain signified that he was of a certain race, and he was cursed. This is one of the most

misunderstood beliefs told by man! Cain was forgiven yet he was no longer in the presence of the Lord as he used to be. Cain was forgiven although he killed his brother. Yes, forgiven because the moral of this story is not only about the murder, but it's also about having a right relationship with God! Serve God your best. Give Him the best of your best. I believe that when Cain slew Abel I believe this is when other things on earth began to die also, although the earth had never seen death. Animals began to die the fruit of the ground now needed to be tilled by man had to work for his sustenance rather than see God's miraculous cultivation. Death began to know death, and this was Cain's legacy upon the earth.

The story of Cain and Abel has been well known throughout the ages and it appears Cain's only legacy that immediately comes to mind is that he murdered his brother.

What will be your legacy that you will leave upon this earth?

What will immediately come to the mind of others who think of you or hear your name? Will you be remembered because of your position or status? Will you be remembered for living your "best life" although it did not include God in any way? Or will you be remembered for living such an impactful Godly life which affected everyone in such a way that they desired to become a better person and to know God because of you?!

Cain had to beg for his legacy and the Lord granted it. But Cain lost his relationship with God because he chose to commit to his own way. What will you leave behind your own will or the Lord's?

**Heresy: A firm commitment to one's own will.**

**Legacy: The richness of an individual's life including what a person accomplished and the impact he or she had on people and places.**

# Eating Yourself to Death, In Jesus's Name

As it was in the garden, so is it today. "Whatever you eat or drink, will bring you closer to or further from your goal."- Sgt. Nate (Soldier On!)

The Bible speaks of a variety of sins. All punishable by God. It was man's appetite that got him into trouble. It has been doing the same since day one.

We pick the sins we don't like in others and condemn them for it. Yet, when it comes to our appetite, we justify it with humor, jokes, and even scriptures.

Like any other addiction, food can be a crutch that will end up killing us before we realize it, while making us "FEEL GOOD" in the process.

So, just like that first man and woman who questioned God instead of heading his warning. We choose pleasure over principle.

## *Some scriptures on food and health*

**Ezekiel 47:12** And by the river upon the bank thereof, on this side and on that side, shall grow all trees for meat, whose leaf shall not fade, neither shall the fruit thereof be consumed: it shall bring forth new fruit according to his months, because their waters they issued out of the sanctuary: and the fruit thereof shall be for meat, and the leaf thereof for medicine.

**Revelations 22: 2** In the middle of its street, and on either side of

the river, *was* the tree of life, which bore twelve fruits, each tree yielding its fruit every month. The leaves of the tree *were* for each tree yielding its fruit every month. The leaves of the tree *were* for the healing of the nations.

**1Timothy 4:4-5** For every creature of God is good, and nothing to be refused, if it be received with thanksgiving: for it is sanctified by the word of God and prayer.

**1Timothy 4:8** For bodily exercise profits little : but godliness is profitable unto all things, having promise of life that now is and of that which is to come.

## **Get moving, or become a pillar of salt!!!**

As believers, we desire the Lord to use in anyway he deems fit. However, how can we go into all the world to preach the gospel, if we are sick and tired from life of eating unhealthy foods and being sedentary? We are made stewards of his temple. Of course, you know this doesn't mean the building we worship in. It refers to the body we are living in. We are in charge what we put into it. When the Children of Israel entered the promise land, Caleb was 80 years old and

demanding his mountain, stating he was more than able to do so. Most 55 to 80 years old folks are done and just want to sit on the banks of Jordan and wait for the Lord's return. Below, I provided some suggestions to help get you started. A body in motion, stays in motion. Get moving and Soldier On!

## For Your Consideration

Here's a thought and if you take the time to consult history you will recognize a pattern. One thing for certain the passages of the scriptures even reveal some of the things taking place in today's society. But, the main issue is that mankind doesn't apply the time to consume the knowledge therefore is caught unaware and reacting to events that are taking place. But if we truly understood what the scripture foretold and took heed outcomes today would be much different.

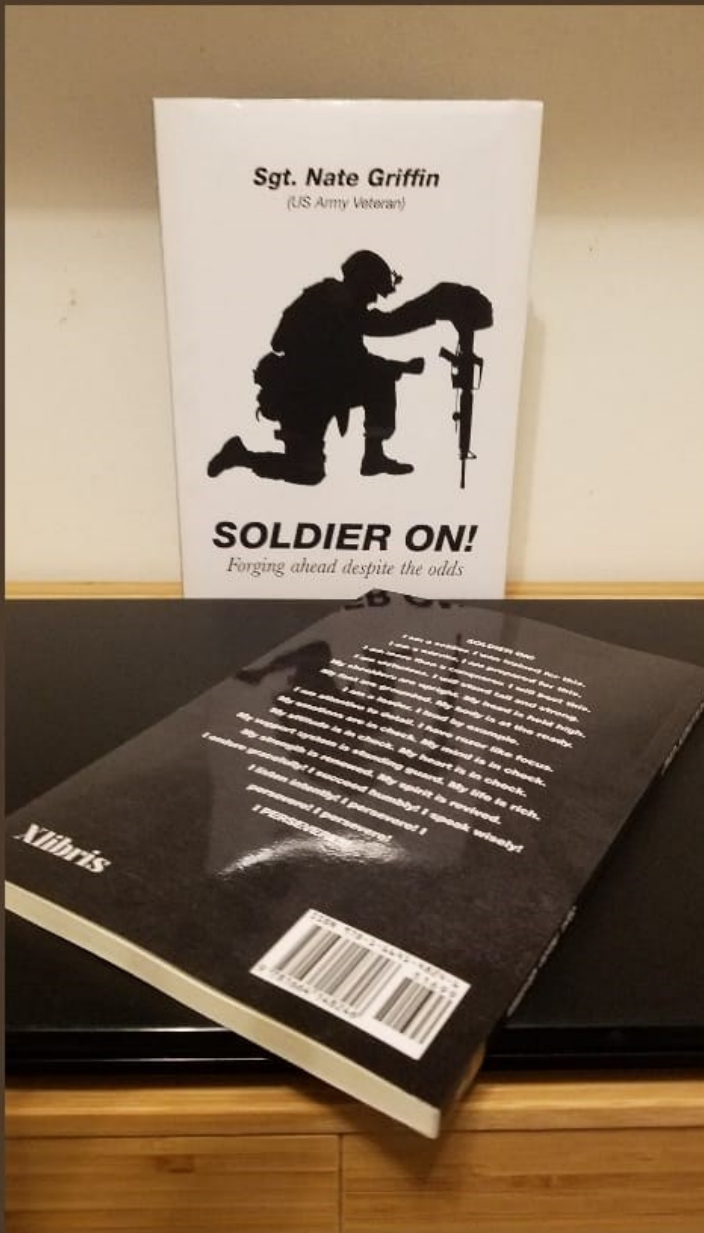

Insert from the book "Praising my Pond" by Elder Diane Harvell

"As I stood and watched all of this play out, my heart began to race. I couldn't believe what I'd just seen and heard. Why was Joe dead? Why would Richard ask Mommy such a thing? Richard left and Mommy walked out of the kitchen. I quietly sat on the metal step chair in the kitchen and wondered WHY????"

# Setting The Record Straight

Dr. C. A. Dangerfield II

Let's start setting the record straight and making a bonified attempt and effort get back to the principles of God. We have seen many of our strong pillars in the faith taken in transition to their reward. For those of us that remain it is not time to relax or retreat from the principles to which they battled to instill within our hardened hearts, heads and disobedient spirits. Because the only one being fooled is oneself if you have not come to the understanding that God is and has always been omnipresent.

So, you might be under the impression you got away with somethings over and around them. News flash you haven't fooled God. Take this tip seriously if you are reading this grace and mercy is a gift right now. Our world as we assume to know it is a powered keg waiting for the opportunity to explode because everyone is about their own agenda except for the remnant of those who understand. One misunderstanding places you in judgement having to give an account for yourself.

Everyone's running around talking about getting things back to normal when what we were doing in general has put us in the place to which we are now. If you go backwards conditions will only get worst. What we need to be doing is going forward and aligning ourselves with the principles of God. Its ashamed when the world and the church look like identical twins because the behaviors match. There is supposed to be a distinct difference. If you say you love them, tell me the truth.

Everything that the Bible says thou shall not. We compromise and make concessions so we don't hurt anyone's feeling. News flash you

better learn to read the room and understand the scriptures they exist for a reason. They are the guidelines we are to live by set in place by our creator. There are no shortcuts or ways around His principles, obedience has its rewards and disobedience has its consequences. He has left the choice up to us individually so make the wise choice as to where you desire to spend eternity.

Don't rely on the 535 (Congress) who can't come together on anything and definitely can't help you with this choice. This is the one time you can make an independent decision that carries a lot of weight for your future onto eternity. Be conscious in everything that you do at all levels.

# There Is Always A Ram In The Bush

Dr. C. A. Dangerfield II

One of the strongest structures is supposed to be that of family, however it appears to be one of the most dysfunctional and chaotic. The longer it goes unchecked, unrepaired and misaligned the worst society becomes for each generation. We lack proper foundation, which brings on the lack of greater principles and values which should be duplicated within the hearts and minds of our children. It becomes more difficult to instill because society is not focused on God's principles but man's ills. The abundance of greed with the lack of compassion. Entitlement and envy which continues to produce an overwhelming illustration of oppression that appears to be the societal focus and message to keep one in check based on the narrative of mental control.

But then there is always hope that ram in the bush. That remnant of God's people that truly live, by abiding to the principles of God's. Where those who are observing can see the hands of God delivering on His promises proving that His Word will not come back void. Building a kingdom of people that honor Him. Because they have the mindset, understanding and have chosen whom they will serve.

Knowing that the greatest attainment one can receive in life is the father's wisdom, knowledge and understanding. It is priceless and it is free through salvation which comes with the greatest relationship and revelation. It provides peace which surpasses all understanding even in the face of turmoil. It allows you to understand and see things with a very different lens making commonsense more prevalent to the truth rather than believe the fabrication demonstrated through a lie that stokes up fears in the hearts of man.

The Word of God ask this question "What does it profit a man to gain the whole world and lose his soul? One must ask if we have really put this question into its proper context. By our displayed demonstrated behaviors and circumstances derived by the actions to gain such prominent status that would be a no. But also, the greater understanding must be for those who seeking that quest is that there is another destination beyond this realm in which we currently live in. History has also shown and museums are fill with them, other people's possession that they couldn't be take with them when they left our presence. You really have to stop and think about that it's very relevant. It put all of the methods mankind uses to amass such stature into question and illuminates how misaligned mankind has gotten further from the principles of God. Because the focus is on possessions of items and not that of Godly principles demonstrated by a society that mainly operates in a selfish and haphazardly way.

These bad habits are then what is demonstrated before our children as validation of behaviors in which to follow. Then we watch the news program and read articles of a rise in teen suicides, because society and all of its ills and wick disobedience to the Will of God has not been properly instructed. So, what do we expect when they are completely overwhelmed by all of the compromise that have been put into place? It not about prestige, entitlement or ones need to have their ego stroke especially when living a lifestyle contrary to God.

There is always a way out if you sincerely desire. The bible speaks about transforming our minds by not conforming to standards of mankind. Going back to aligning ourselves to the principles of God. Starting fresh establishing that solid relationship with God and His son Jesus and also taking the ultimate step of receiving the

Holy Spirit which is that keeping power to pull and sustain you from your former ways. He will eliminate the chatter and distractions by refocusing us on the things of God. Teaching us how to identify, walk, learn and fulfill our intended purpose in life. This is our ultimate destination and quest as children of an awesome God.

# Greater Hope In Spite Of What You See

Dr. C. A. Dangerfield II

The pandemic for most has been an eye opener that has exposed so many things that are wrong with our society. Those who are paying attention are reevaluating their life's and responding in kind to their new found understanding. Which has created an overwhelming response by a large number in society to those whose greed and oppressive ways have not heeded to the generational warnings. Which suggested and even insisted that they would change their ways. The excessive calls for change and the ignored proper response now has cause the much-needed flip of the coin.

The request for getting things back to normal will be soon realize as a thing of the past. For a new dawning is on the horizon and the medieval mindset is soon to be a thing of the past. We will soon see that time can heal old wounds when the correct medication is applied and the infection is eradicated. Our out of dated policies that don't fit the nature of who people are today will finally match the true diversity of the nation which will surpass generational fears. Overturning unmerited oppression allowing for a more level playing field for all races and cultures. Recognizing the true strengths that have been allowed to be present in existence and visible but not acknowledge by the selfish and fearful. Not understanding that no matter what God's plans and intentions will come to pass.

Lack of knowledge and understanding allows for creating obstacles. Not taking the opportunities to learn and listen or even study the Word of God which provides all kinds of revelations to what's to come in which mankind puts himself in harm's way. We

must acknowledge our Creator and understand that which He has already provided to serve as a guide for direction which is His Word. Even if you only have a basis understanding of it you can still acknowledge and see that it is true and efficient in every way to helping us fulfill the intended purpose for our life's and not falling short of the mark.

Until we individually can see, hear and embrace that which God has assigned to us to fulfill. We will miss out on a ton of blessing that were intended for us. Keep in mind that the material gain that this world focuses on is not the God intent for our life's. The God intent is the fulfillment of purpose which has a much greater reward because it is not temporary and its value don't diminish. When applied it can and will remain fruitful to sustain the vine of His truth. This is when the realization of His Word starts to make sense to the believer and becomes a tangible part of one's life. You can see the scriptures manifesting even before your mortal eyes when you can get to that place.

This relationship with God will provide greater hope and insight. You will have the understanding of my sheep know my voice and a stranger they will not follow. You will under my Word is a lamp unto thy feet and light unto thy pathway. You will understand the significant of study to show thyself approved a workman that need not be ashamed but rightly dividing the Word of truth. You will then walk in great favor. Having the understanding of why wisdom is the principal thing that provides the key that provides access to the kingdom doorway.

Making sense of "Thy Kingdom come thy will be done in earth as it is in Heaven. It all comes with a made-up mind first in order to gain the right perspective. He will bring you out of darkness which is the ignorance of the truth to which is the blindness that the world

operates in making it difficult to see and understand the simplicity of God's Word and God's principles because of our will making it difficult to live with obedience.

Our mindset is much like a toddler who gets into everything and must be disciplined into compliance and understanding as time progress knowledge and wisdom take hold because of truth being illuminated before them and we walk in trust alongside knowledge and understanding allowing us to provide wisdom to others because of our firsthand experiences. This becomes one of the greatest places within our journey that we will come to enjoy revisiting over and over again.

Gaining the intended fulfillment which is a part of every believer's purpose. We all have to consciously be able to see it and it will become your driving force behind everything that you do. It generates determination to ensure passion, patience and persistence to the bewilderment of others. Because they don't understand why you care so much. With that statement right there when you now go back and study Jesus within the scripture you will come to understand the impact, He had over the three years of His recorded ministry.

Furthermore, what His Disciple came to understand about His nature, drive, discipline and determination. What was really learned and demonstrated at the meeting of multitudes it is deeper than the surface takeaway of the story. It will become clear to you of why it was so hard for the Scribes and Pharisees to embrace the principles of God. As well as gain a broader understanding of what was revealed within the mindset of Nicodemus who came to Jesus to inquire. # Acknowledging Our Response

Dr. C. A. Dangerfield II

We all deal with the impactful events within our life differently to the point that we lack patience and compassion for others because of a lack of understanding. It's through these types of responses in which we can devastate a person's recovery. It is also through our short sightedness and stereotyping of events we expected a common blanket response. But that's not so or a healthy way to handle all situations. No two persons are exactly alike not even identical twins. We have to acknowledge and recognize the individual spirit of a person to which God created. Respecting them for the unique individual to which they are. How we are as an individual stems from our experiences in life to which our personalities derive. Having some understanding of that helps in interacting with others. Some can demonstrate patients where others cannot create circumstances of their own. The pivotal place of our development first begins in the place we recognize as home. The reason I stated it this way because some do not start with their birth parents. Our initial place of care initiates our development into society. Where we learn to respond and react with certain behaviors based on circumstances and situations which bring forth outcomes. So, we now have programmed responses with regards to relationship to outcomes that continue to develop our character. These events determine how balanced of an individual we will become.
