

## COOKIE POLICY

Welcome to Green Future Search Limited's Cookie Policy, when someone visits our website, we collect information in order to monitor our website usage and efficiency. Cookies are small text files that are placed on your computer by websites that you visit. They collect information about the way in which you navigate and use this website and the wider web.

Cookies are widely used in order to make websites work, or work more efficiently, as well as to provide information to the owners of the site about website usage and efficiency. This information may allow us to identify you or your approximate location. Information from cookies also allows us to make improvements to our services. There are different types of cookies. The cookies we use on our website are:

- **Performance cookies** – these collect information about how visitors use our website, for example which pages are visited most and if any error messages are received when certain pages are visited. This helps us improve how our website works. These cookies don't collect information that identifies visitors for our website.
- **Advertising & Remarketing cookies** – these cookies allow us to collect anonymous data about interests and demographics of our website users, allowing us to improve the website experience for our visitors. They also allow us to serve tailored adverts to better suit users' needs and only display ads that are relevant. These cookies do not in any way identify you or give access to your computer or mobile device

You may delete and block all cookies, or just certain types of cookies, via your browser settings. However, if you choose to block or delete cookies, this may affect the functionality of the website when in use.

We keep our privacy policy under regular review and we will place any updates on this webpage.

Green Future Search Limited is registered with the Information Commissioners Office (ICO). This registration is available for public view on their website.
