"The Truth" as I See It!

I hope everyone has adjusted to the time change. It didn't take me long because I love this time of the year. The rain is here doing it's job so we can soon enjoy the beautiful flowers. Daylight is longer so now we can enjoy longer walks in the park. Spring is also a great time to declutter, do some deep cleaning from winter storage and get rid of things you no longer use.

This is also a good time to "spring" into action about your finances. The holidays are gone and some of us did some major damage. For those who did not...Congrats! But we all can take a look at the finances and start preparing for summer vacations. As you prepare for your vacations, remember the free local events especially the "Taste of 4th Avenue Jazz Festival" which is this months highlight.

Spring is just an all around good time to make changes which include changing careers, but be very careful and certain before making the leap.

Remember , anytime is a good time to book "The Truth"!
