CIPHER GROUND FOUNDATION

The Cipher Ground Foundation is dedicated to promoting public-private partnerships in impact investing.

The Cipher Ground Foundation is an IRS recognized 501(c)(3) tax-exempt (Tax ID# 463-573-498/000) non-profit organization that was established in 2013 in New Jersey, USA.

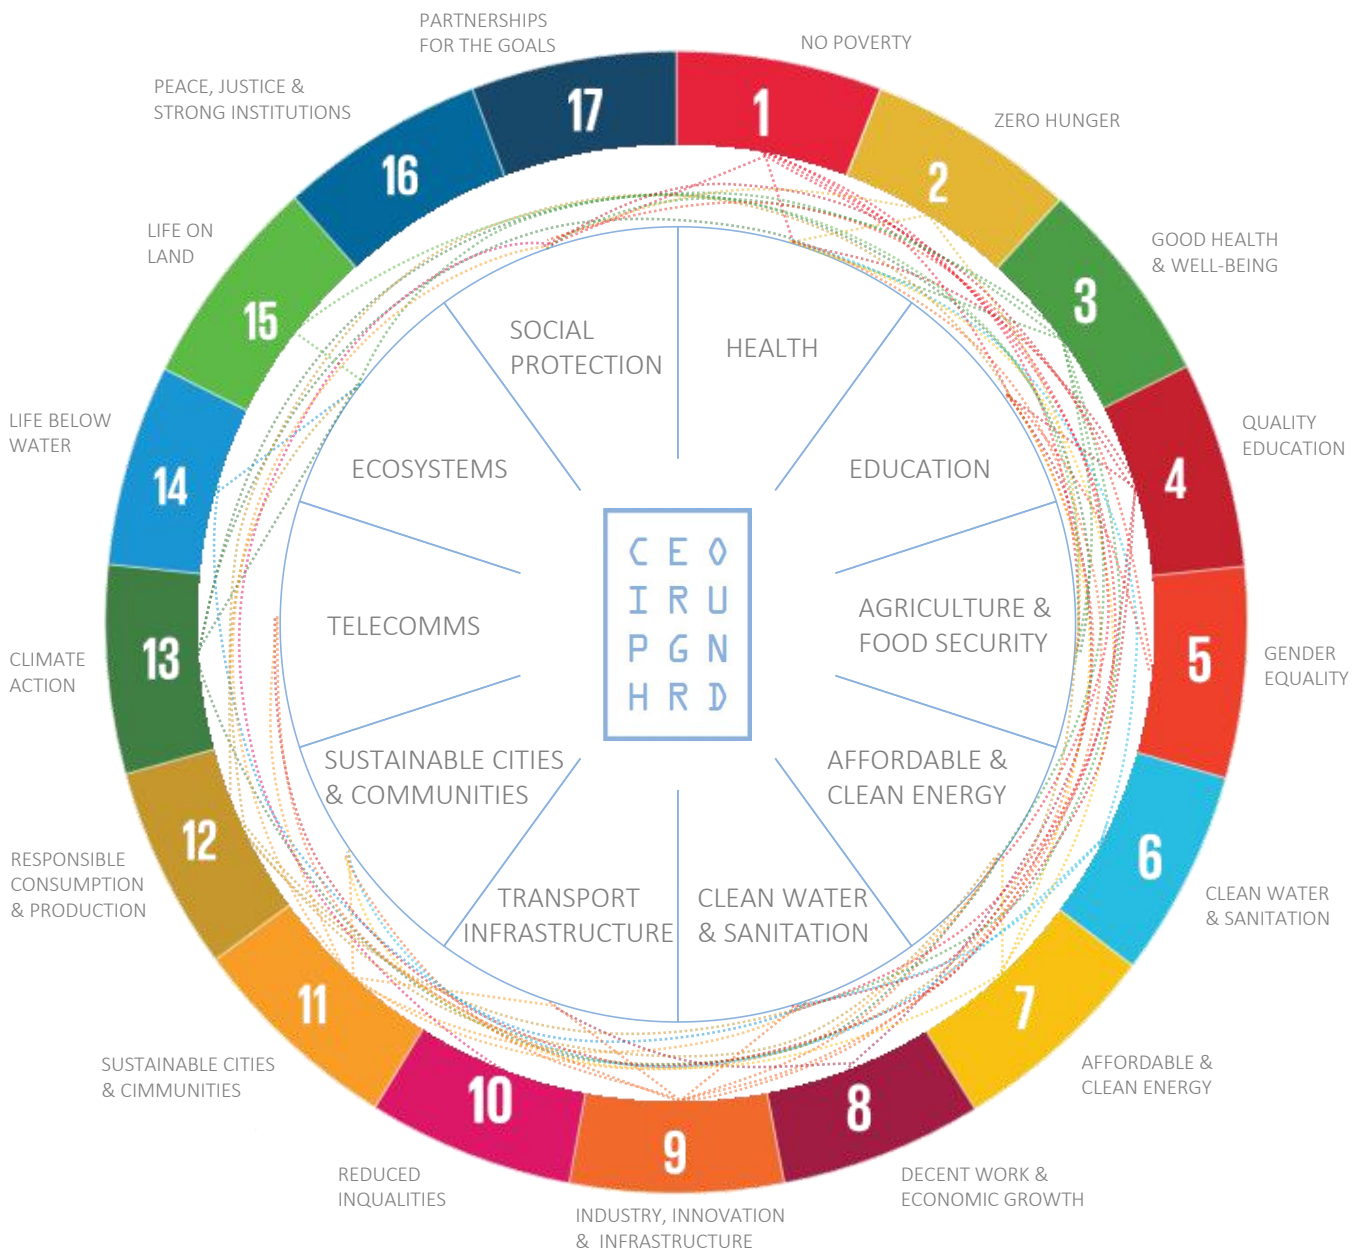

The Cipher Ground Foundation unites the foremost political, business leaders, as well as honest and talented young people, to invest and manage projects that benefit the global public interest.

The core values are modesty and altruism, which is worthy of inheritance from generation to generation.

www.cipherground.org

Cipher Ground Foundation is promoting public-private partnerships in impact investing in achieving the United Nations' Sustainable Development Goals.

Cipher Ground Foundation deeply believes that by investing projects that are in line with [the United Nations Sustainable Development Goals](#), our world will be more sustainable, equitable, and prosperous.

The Solar Energy project in the Western Ukraine bundles 12 solar stations with a total capacity of 120 MW and on average generates 180,000 MWh of clean, renewable energy delivered to the national grid system each year.

The Funding

Total funding requirements:
\$1.215 Billion USD

The Project

The project is located in Ternopol, Chmlnickiy, Lvov and Charkov. It involves the construction and operation. The solar panels harness energy from sunlight and convert it into clean renewable electricity that is sold to the Ukraine Energy Authority. Ukrainian Government guaranteed power purchase agreement with €0.15 per kwh from now to 2030.

The Benefits

The project helps to reduce greenhouse gas (GHG) emissions by displacing energy derived from fossil-fuels while boosting the renewable energy industry in Ukraine. The regional and national economic development is enhanced as jobs are created for the local community.

180,000 MWh

Renewable energy delivered to the grid on average per year

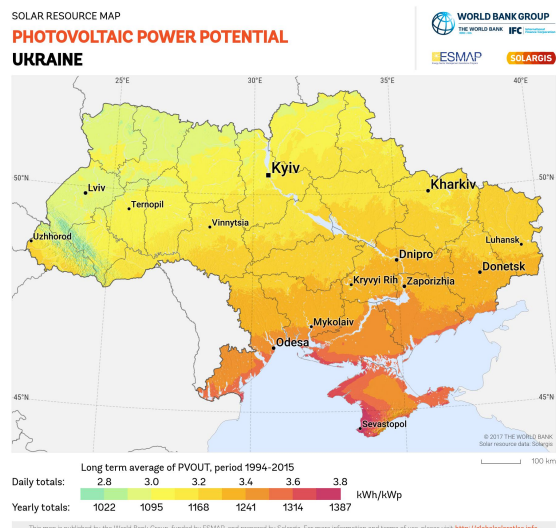

100 jobs

Created at plants, boosting local economies

95,760 tCO2e

Mitigated on average annually

Cipher Ground Foundation actively explores global government resources for impact investing opportunities.

We are exploring impact investing opportunities through the diplomatic channels of ambassadors. Our ambassador resources cover more than 100 countries in America, Europe, Asia and Africa.

Up Left: Slovakian Ambassador to China His Excellency Mr. Dusan Bella;

Up Right: Tajikistan Ambassador to China His Excellency Mr. Davlav Zotta Parviz;

Down Left: Mexican Ambassador to China His Excellency Mr. Jose Luis Bernal;

Down Right: Ambassador of Kingdom of Bahrain to China His Excellency Dr. Anwar Yusuf Abdulla Alabdulla.

Cipher Ground Foundation raises and directs new capital towards progress against the SDGs via our family office network.

Cipher Ground Foundation has a smooth access to our growing family office network. More and more family offices worldwide are beginning to favor impact investing.

The 2018 Shenzhen - Philadelphia Healthcare Investment and Strategy Conference was held on Jan 16, Shenzhen, China. The meeting was hosted by Department of Commerce, City of Philadelphia and Shenzhen Council for the Promotion of International Trade, and was organized by the U.S. non-profit organization Cipher Ground to introduce Philadelphia's investment environment and policies to promote the exchange and cooperation in healthcare sector between China and the United States.

COMMONWEALTH OF PENNSYLVANIA
OFFICE OF THE GOVERNOR

GREETINGS:

It is my honor to join in celebration of this international meeting of representatives from the City of Philadelphia's Department of Commerce and the People's Government of Shenzhen City at the 2018 Shenzhen – Philadelphia Healthcare Investment and Strategy Conference, organized by Cipher Ground.

As our world becomes more interconnected, the ability to think globally and to have an understanding and appreciation of the mutual opportunities that lie in transnational cooperation will continue to be imperative. This conference is an important step for participants to develop crucial knowledge to better serve their citizens in our increasingly global world, and will lay a new foundation for continued international collaboration. I commend all involved for endeavoring to provide new strategies and opportunities to continue innovation in healthcare in both Shenzhen City and Philadelphia, and their respective countries at large. I look forward to the positive difference that this conference will continue to make in the years to come.

As Governor, and on behalf of all citizens of the Commonwealth of Pennsylvania, I commend all those involved in this conference for your contributions and dedicated service to your communities. Please accept my best wishes for safe travels and continued success.

CITY COUNCIL

CITY OF PHILADELPHIA

CITATION

Honoring and Recognizing
The 2018 Shenzhen - Philadelphia Healthcare Investment and Strategy Conference

The Council of the City of Philadelphia is pleased and proud to honor and recognize the 2018 Shenzhen - Philadelphia Healthcare Investment and Strategy Conference as the first official event to develop a City-to-City relationship between Philadelphia and Shenzhen.

Whereas, Philadelphia is a leading city for Life Sciences with \$10.5 billion spent annually on research and development. Approximately 80% of U.S. pharmaceutical and biotech companies have a presence in the Greater Philadelphia region. Philadelphia has one hundred ninety-eight hospitals, four national cancer institutes, seven medical universities, and thirty-six academic research institutions; and

Whereas, Philadelphia is also considered a smart city with more than 5000 technology businesses and 30 co-working spaces. Twenty-five percent of new jobs created in Philadelphia are in the technology area; and

Whereas, Philadelphia is ranked among the top cities for tech investment with venture capital returns outranking NYC, Boston and Austin; and

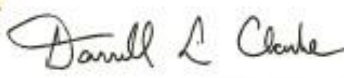

Whereas, Shenzhen has also risen to a world-class city by creating an impressive life science and technology innovation sector. This sector has produced several hi-tech businesses with strong global influence; and

Whereas, The 2018 Shenzhen - Philadelphia Healthcare Investment and Strategy Conference will be a great platform to strengthen the investment opportunities and cooperation between these two cities working in innovation and life sciences.

Therefore, By virtue of this Citation, the Council of the City of Philadelphia does hereby honor and recognize the 2018 Shenzhen - Philadelphia Healthcare Investment and Strategy Conference. We in this Council extend the sincere respect and admiration of this legislative body. Congratulations.

HELEN GYM
Councilwoman-at-Large

February 1st, 2018

Dear Dr. Li and Cipher Ground Team,

I am writing this letter in acknowledgement of your support and partnership with Philadelphia Commerce Department to organize the 2018 Shenzhen -Philadelphia Healthcare Investment and Strategy Conference. I was very glad to see the participation of leading life science companies such as Huawei, GSK, and BGI Groups. This conference successfully attracted the attendance of government officials from more than 10 provinces in China and has been covered by more than 23 media including Xinhua News, China Daily and China National Radio.

This conference is a great start for City of Philadelphia to develop relationship with China. I hope that the success of this event is leading to the visit of your life science delegation to Philadelphia. As you know, Philadelphia is a leading city in life science industry with 198 hospitals, the presence of 80% pharmaceutical companies globally, and USD\$10.5 billion investment in R&D annually. You will see more investment and cooperation opportunities during your visit. Please regard this letter as my sincere appreciation. I look forward to meeting you in Philadelphia in 2018.

Sincerely,

A handwritten signature in black ink that reads 'Harold T. Epps'.

AT TSINGHUA UNIVERSITY

Left to Right: Dr. Wei Li, Founder, Cipher Ground Foundation;
Dr. Eric Chang, Senior Director, Technology Strategy and Communication, Microsoft Research Asia;
Sophia Lugo, Schwarzman Scholar;
W. Chad Futrell, Executive Director of Student Life, Schwarzman Scholars, Tsinghua University;
Yi Qin, Director, Cipher Ground Foundation.

Cipher Ground Foundation cooperates with Microsoft Accelerator to cultivate innovative companies.

Case: Cipher Gene, the first company built by Cipher Ground since 2012, became the 7th alumni company of Microsoft Accelerator (Aug 2015 - Mar 2016).

Microsoft Accelerator

To save lives from cancer, Cipher Ground attracted 20 bioinformatics and 44 biomedicine Ph.Ds across the world to analyze cancer genome online together for precise clinical therapy. In the past 4 years, passion and responsibility fueled us to alleviate pains of patients, families and friends in the battle against cancer. Cipher Ground cooperated with Microsoft Accelerator and established Cipher Gene (Beijing) in 2015.

Middle Left: Dr. Wei Li, Founder, Cipher Ground Foundation;

Middle Right: Qiang Shen, Chief Technology Officer, Microsoft Ventures at Microsoft;

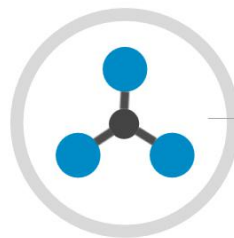

Rest: Members of the first company built by Cipher Ground Foundation.

Cipher Ground Foundation integrates cross-border talent, tech and capital to nurture revolutionary companies for public health.

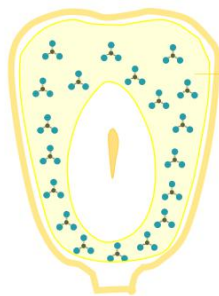

Case: Cipher Plantein, the second company built by Cipher Ground since 2015, is dedicated to producing safe and affordable medicine in plants for patients.

Cipher Plantein

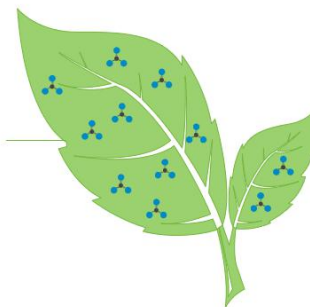

Recombinant therapeutic protein

Endosperm

Leaves

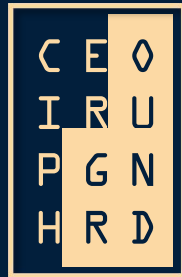

Cipher Plantein breaks the boundaries of knowledge and utilizes "molecular pharming" technologies to produce safe, cost-effective medicine from plants for the general public. Global market of molecular pharming will reach \$80 Billion USD by 2025. Based on corn endosperm, tobacco and alfalfa leaves, our manufacturing cost is only about 10% of traditional microbial fermentation and 0.1% of mammalian cell culture. We provide customized services including design, mass production of safe protein drug intermediates and ingredients in pharmaceutical, cosmetics, functional food industries and more. Cipher Plantein, growing medicine for public health! www.youtube.com/watch?v=x9J7CcOcB8g

The “Heart • Heal Arts Gala” organized by Cipher Ground and COCA in Dec 2014 successfully raised public awareness, towards 1) Autism, 2) Art Therapy of Autism, and 3) Modern technology to decipher autism at the genetic level. The Gala not just increased the public's knowledge and sympathy for those who suffer from autism, but also attracted good-willed people who will eventually contribute to the furthering of scientific research on not just autism but all mental disorders.
