The 2018 Shenzhen - Philadelphia Healthcare Investment and Strategy Conference was held on Jan 16, Shenzhen, China. The meeting was hosted by Department of Commerce, City of Philadelphia and Shenzhen Council for the Promotion of International Trade, and was organized by the U.S. non-profit organization Cipher Ground to introduce Philadelphia's investment environment and policies to promote the exchange and cooperation in healthcare sector between China and the United States.

COMMONWEALTH OF PENNSYLVANIA
OFFICE OF THE GOVERNOR

GREETINGS:

It is my honor to join in celebration of this international meeting of representatives from the City of Philadelphia's Department of Commerce and the People's Government of Shenzhen City at the 2018 Shenzhen – Philadelphia Healthcare Investment and Strategy Conference, organized by Cipher Ground.

As our world becomes more interconnected, the ability to think globally and to have an understanding and appreciation of the mutual opportunities that lie in transnational cooperation will continue to be imperative. This conference is an important step for participants to develop crucial knowledge to better serve their citizens in our increasingly global world, and will lay a new foundation for continued international collaboration. I commend all involved for endeavoring to provide new strategies and opportunities to continue innovation in healthcare in both Shenzhen City and Philadelphia, and their respective countries at large. I look forward to the positive difference that this conference will continue to make in the years to come.

As Governor, and on behalf of all citizens of the Commonwealth of Pennsylvania, I commend all those involved in this conference for your contributions and dedicated service to your communities. Please accept my best wishes for safe travels and continued success.

Tom Wolf

Department of Commerce, City of Philadelphia
1515 Arch street 12th Floor
Philadelphia Pennsylvania 19102
United States of Philadelphia
+1-215-683-2014

Dear Sir or Madam,

Under the leadership of Mayor Jim Kenny, the City of Philadelphia has been developing strategic partnership with China and officially observed October 2nd, 2017 as Philadelphia China Day. To strengthen the City-to-City relationship, Deputy Mayor Harold Epps will send a bilingual representative in charge of our China Strategy to visit Shenzhen in January 2018. The goal is to enhance the mutual understanding of innovation, life science development and investment opportunities of both cities. We are pleased to have Cipher Ground, a US based non-profit organization, to organize the "2018 Shenzhen - Philadelphia Healthcare Industry Strategic Cooperation Press Conference" and invite officials, entrepreneurs, investors, and media friends to attend this event on our behalf.

The "2018 Shenzhen - Philadelphia Healthcare Industry Strategic Cooperation Press Conference" co-hosted by the People's Government of Shenzhen City and City of Philadelphia, will be held on January 15, 2018 in Shenzhen, China. For the Shenzhen five-star hotel accommodation and catering on January 15-16, transportation, representatives all take care of themselves, coordinated by the Cipher Ground.

The "2018 Shenzhen - Philadelphia Healthcare Industry Strategic Cooperation Press Conference" is aiming at promoting the communication of innovative technologies and market exploration in both China and the United States of America. Philadelphia is a leading city in life science. \$10.5 billion was spent annually in R & D. 80% pharmaceutical companies are in the region. Philadelphia has 198 hospitals, 4 national cancer institutes, 7 medical universities and 36 academic research institutions; Philadelphia is a smart city in tech innovation with 5000+ tech business, 30+ coworking spaces. 25% of new jobs are in tech area; Philadelphia is the top city in tech investment where venture capital returns outranking NYC, Boston and Austin.

We sincerely look forward to your attendance at this press conference at 4:00pm on January 15, 2018.

Cordially,

Department of Commerce, City of Philadelphia
Pennsylvania U.S.A.

CITY COUNCIL

CITY OF PHILADELPHIA

CITATION

Honoring and Recognizing
The 2018 Shenzhen - Philadelphia Healthcare Investment and Strategy Conference

The Council of the City of Philadelphia is pleased and proud to honor and recognize the 2018 Shenzhen - Philadelphia Healthcare Investment and Strategy Conference as the first official event to develop a City-to-City relationship between Philadelphia and Shenzhen.

Whereas, Philadelphia is a leading city for Life Sciences with \$10.5 billion spent annually on research and development. Approximately 80% of U.S. pharmaceutical and biotech companies have a presence in the Greater Philadelphia region. Philadelphia has one hundred ninety-eight hospitals, four national cancer institutes, seven medical universities, and thirty-six academic research institutions; and

Whereas, Philadelphia is also considered a smart city with more than 5000 technology businesses and 30 co-working spaces. Twenty-five percent of new jobs created in Philadelphia are in the technology area; and

Whereas, Philadelphia is ranked among the top cities for tech investment with venture capital returns outranking NYC, Boston and Austin; and

Whereas, Shenzhen has also risen to a world-class city by creating an impressive life science and technology innovation sector. This sector has produced several hi-tech businesses with strong global influence; and

Whereas, The 2018 Shenzhen - Philadelphia Healthcare Investment and Strategy Conference will be a great platform to strengthen the investment opportunities and cooperation between these two cities working in innovation and life sciences.

Therefore, By virtue of this Citation, the Council of the City of Philadelphia does hereby honor and recognize the 2018 Shenzhen - Philadelphia Healthcare Investment and Strategy Conference. We in this Council extend the sincere respect and admiration of this legislative body. Congratulations.

HELEN GYM
Councilwoman-at-Large

DARRELL L. CLARKE, *President*
December 20, 2017

Cipher Ground Foundation is building a bridge between China and the United States to promote investment cooperation.

CHINADAILY

中國日報

Shenzhen eyes greater cooperation with Philadelphia in life science

Philadelphia, a pilot city for life science in the United States, is attracting investment for its promising healthcare sector from China.

...

According to the official figures, there are 198 hospitals and four national cancer research centers in Philadelphia. Its healthcare innovation receives more than \$1 billion each year from the National Institute of Health.

The government statistics also indicate that the greater Philadelphia area annually consumes more than \$10 billion in research and development in the healthcare field with a total output value of nearly \$25 billion.

...

Tom Wolf, governor of Pennsylvania, where Philadelphia is located, the city Mayor Jim Kenny, and the city's Council President Darrell L. Clarke, sent congratulation letters and compliments to the conference, expressing that there would be a substantial leap forward in China-US healthcare cooperation and the strong desire to invite Chinese government agencies and businesses to come to Philadelphia for business trips and investments.

...

Li Wei, founder and chairman of **Cipher Ground**, a US non-profit organization that organizes the event, said that as an international high-tech transformation platform, **Cipher Ground is dedicated to creating and serving innovative companies by integrating technology, talent and capital.** He also said that the company is building a bridge between China and the United States to transform healthcare technologies and promote investment cooperation.

February 1st, 2018

Dear Dr. Li and Cipher Ground Team,

I am writing this letter in acknowledgement of your support and partnership with Philadelphia Commerce Department to organize the 2018 Shenzhen -Philadelphia Healthcare Investment and Strategy Conference. I was very glad to see the participation of leading life science companies such as Huawei, GSK, and BGI Groups. This conference successfully attracted the attendance of government officials from more than 10 provinces in China and has been covered by more than 23 media including Xinhua News, China Daily and China National Radio.

This conference is a great start for City of Philadelphia to develop relationship with China. I hope that the success of this event is leading to the visit of your life science delegation to Philadelphia. As you know, Philadelphia is a leading city in life science industry with 198 hospitals, the presence of 80% pharmaceutical companies globally, and USD\$10.5 billion investment in R&D annually. You will see more investment and cooperation opportunities during your visit. Please regard this letter as my sincere appreciation. I look forward to meeting you in Philadelphia in 2018.

Sincerely,

1515 Arch Street, 12th Floor, Philadelphia, Pennsylvania, 19102 USA
美国宾夕法尼亚州费城市拱门大街 1515 号 12 楼

Cipher Ground Foundation cooperates with Microsoft Accelerator to cultivate innovative companies.

Case: Cipher Gene, the first company built by Cipher Ground since 2012, became the 7th alumni company of Microsoft Accelerator (Aug 2015 - Mar 2016).

Microsoft Accelerator

To save lives from cancer, Cipher Ground attracted 20 bioinformatics and 44 biomedicine Ph.Ds across the world to analyze cancer genome online together for precise clinical therapy. In the past 4 years, passion and responsibility fueled us to alleviate pains of patients, families and friends in the battle against cancer. Cipher Ground cooperated with Microsoft Accelerator and established Cipher Gene (Beijing) in 2015.

Middle Left: Dr. Wei Li, Founder, Cipher Ground Foundation;

Middle Right: Qiang Shen, Chief Technology Officer, Microsoft Ventures at Microsoft;

Rest: Members of the first company built by Cipher Ground Foundation.

The “Heart • Heal Arts Gala” organized by Cipher Ground and COCA in Dec 2014 successfully raised public awareness, towards 1) Autism, 2) Art Therapy of Autism, and 3) Modern technology to decipher autism at the genetic level. The Gala not just increased the public's knowledge and sympathy for those who suffer from autism, but also attracted good-willed people who will eventually contribute to the furthering of scientific research on not just autism but all mental disorders.

ANTINAUSEA CAMPAIGN

About

Antinausea Campaign is our charity activity at Cipher Ground Foundation to help people relieve nausea and live happier.

Each year, more than one billion people worldwide suffer from nausea associated with morning sickness, chemotherapy, post-operative, and travel/motion, especially pregnant women and seniors.

We accept donation funds to purchase and distribute FDA-cleared antinausea acupuncture wrist strips to pregnant women, seniors and more in need.

Cipher Ground (Tax ID 463573498/000) is an IRS recognized 501(c)(3) tax-exempt non-profit foundation registered in New Jersey, USA in 2013.
