-  **FULLY AUTOMATIC:** No dials, buttons, or guessing at cook times.
-  **NO WAITING IN LINE:** Skip the line with SmartShelf™ technology and enjoy a hot meal at a time that fits your schedule.
-  **BETTER TASTING:** Meals are evenly heated to preserve moisture and enhance flavors.
-  **EFFICIENT DESIGN:** SmartShelf™ uses only the energy required to heat your meal.
-  **USER FRIENDLY:** Use any flat bottom, sealed container; glass, metal, dishwasher safe plastic, or paperboard.
-  **HEALTHIER:** Promotes healthier eating habits for employees.

HOTLOGIC® MAX

**SAVE TIME  
 SAVE MONEY  
 EAT HEALTHY  
 LIVE BETTER**

### INTENTIONALLY BETTER:

**BETTER BY DESIGN:** Designed & Built in the U.S.A. Compact, stackable, energy efficient, no mess to clean, accepts any flat bottom heat tolerant container.

**BETTER BY PROCESS:** Fully Automatic, safe from pathogens, precise even heating, no waiting in line for a hot meal.

**BETTER BY RESULTS:** Smartshelf™ meals taste better.
