RACK CARD RULES OF PLAY

Knockout 52™ is a table game that uses a shuffled standard 52-card deck or multi-deck shoes of cards.

The table layout has spaces for 52-cards; each space has a rank assigned to it but no suits.

The spaces are laid out in four (4) rows of thirteen (13) labeled with the ranks A,2,3,4,5,6,7,8,9,10,,J,Q,K.

The cards are dealt one-by-one until a card matches the rank of its space or until all 52-cards are dealt.

Players must place a bet on at least one (1) of the five (5) bets defined below before and cards are dealt:

Round 1: Players are betting that a match will occur in the first 13 cards. **This bet pays: 1 to 2**

Round 2: Players are betting that a match will occur in the second 13 cards. **This bet pays: 3 to 1**

Round 3: Players are betting that a match will occur in the third 13 cards. **This bet pays: 10 to 1**

Round 4: Players are betting that a match will occur in the fourth (the last) 13 cards. **This bet pays: 30 to 1**

ALL THE WAY: Players are betting all 52 cards will be dealt without a match occurring. **This bet pays: 50 to 1**
