

Welcome!

Overview:

The Zeth Deweese Memorial Scholarship Fund is a recurring scholarship program for Bachelors and Master's degree seeking students. The student must remain a full-time student in order to maintain the scholarship throughout their student career. Full-time students are defined as an undergraduate taking 12 credit hours or graduate taking at least 9 credit hours per semester. This scholarship is for those pursuing a degree in the human services field with the goal to find a career in supporting others in need. There is currently a huge need for quality staff members to provide direct care for those with disabilities or in a rehabilitative care setting. For this reason, the recipients of this scholarship must also be employed in a job providing care to others for an average minimum of 15 hours a week. In the human services fields, work experience is just as important as the higher education received through college. We want to encourage others to work in these fields early in their careers and help find quality staff for organizations and families that need it. As an organization, we want to reward those who have a passion to further their education and help others in need. We want to hear about your goals and future in this career path. So please include a short letter of intent outlining your career path, why you have chosen to enter this field, and your goals for the future.

Eligibility Checklist:

- ☐ Must be entering college as a freshman or as a current student pursuing a degree.
- ☐ Must work a minimum of 15 hours a week in a human service related field providing care to those who need it. *
- ☐ Must be pursuing a human services degree. Use the chart provided on page three as a guide of human service degree options. *
- ☐ Must submit Letter of Intent with application outlining your career path, why you have chosen to enter this field, and your goals for the future.

*If you have a question about qualifying employment or degree, please email us at info@zdscholarshipfund.org
