Spring 2026 Tulip List

Locally Grown British Flowers

Here at Rymans Farm flowers in Buckinghamshire we grow beautiful flowers and foliage for local event florists. We specialise in tulips, ranunculus, peonies, garden roses, limelight hydrangeas and evergreens.

This year we are growing 10,000 specialist tulips, many double, parrot and fringed varieties that are hard to find elsewhere and that bring a special touch to a bouquet or display. These are quality tulips, with great stem length and vase life, expertly curated from 70 different varieties.

The following pages provide you with details of the tulips that we are growing. Subject of course to the weather we should start to have them from the start of April through to the start of May.
