THANK YOU TO OUR VERY GENEROUS SUPPORTERS

National Republican Senatoria

Josh and Helder Toste

### WELCOME PATRIOTS!

**To our fine Patriots,**

**It was a busy week. Good stuff every day finalized by a meeting with Helder Totse who is sharing information and techniques that will ensure that we elect a conservative senator in November. We need to take advantage of the information he provides. We'll keep you posted.**

**The piece about the Mennonite caravan may well be a spoof, but I couldn't bypass the last sentence.**

**I have included a copy of a letter that Neil sent to our pols. I hope we will take advantage of this easy way to do our part to influence policy. Copy, paste, and send. If you write a letter on an issue, please share yours as well.**

**We make a difference every Saturday at the Farmers Market and this week's BBQ and Brew Festival will open many doors. Participation in these events is so rewarding. Get your name on the list.**

**Following the sites recommended by Neil is quite enlightening. Let's take advantage of that, too.**

**Carl called the meeting to order at 6:05 PM  
Cecil offered the invocation  
Carl led us in the Pledge of Allegiance  
Jim read the Mission Statement  
Nikki read the minutes of the January 20<sup>th</sup> meeting.  
Gilbert motioned to accept Neil seconded. Motion passed.  
Matt gave the Treasurers Report. Wayne motioned to accept, Gilbert seconded. Motion passed.**

**Carla gave the Ways and Means Report. We have new Don't Blame Me I Voted for Trump merchandise for a \$10.00 donation. All merchandise including drinks, cake etc. will now be by donation only.**

**Jim Lamon, running for U.S. Senator has donated several free campaign T shirts to the Tea Party. Our Tea Party table at the Farmer's Market needs volunteers on Saturdays through March from 9 AM-3PM.**

**Jim Huber said Arizona HB 2198, which aims to protect workers fired from their jobs for not receiving the Covid-19 vaccine cleared its first hurdle in the Arizona House on 2/1. This means the bill to protect those who refused to get the vaccine under any exemption, medical, religious, or other qualifying circumstances, will move on to the next round. If passed, the bill would require employers to pay their former employees' severance, or rehire them if fired for not following the vaccine mandate. Jim, who works at YRMC hospital said his religious exemption was denied based on CMS (Center for Medicare/Medicaid Services) because any organization that accepts government funding is exempt. All employees must be vaccinated by February 14 or they will be fired and Jim will be out of a job.**

**We need prayers for Jim that the religious exemption will be accepted. Gilbert suggested we organize a protest at the hospital against the mandate.**

**CMS is only reporting 1% of the total deaths and injuries caused by the vaccine. There are 1.9 million adverse reactions and 33,000 reported deaths per the Liberty Council website.**

**Rosalie is doing research on the vaccine batches and advises you can access more information at the How Bad Is My Batch website.**

**Jim advised that the Tea Party has applied for a Not For Profit Organization and a business license. We are close to up to date and officers are up to date. He also advised if the Tea Party name is used in any way or a sponsor of an event they must contact the executive board for approval as the Tea party supports all candidates.**

**Gilbert said we are in the process of establishing a scholarship program for Vocational Education Schools with Howard Blitz at the Freedom Library, Cora Lee and one more person. The candidate must have a GPA of 3.0 to 3.5. The Tea Party could help to pay for books and partial tuition.**

Gary Snyder, candidate for AZ Senator brought up that he had testified in Yuma County in regards to bill HB 2043. This bill would require employers to honor every request for a religious exemption and anyone who suffers significant injury from the vaccine would be entitled to at least \$500,000. Legislation is awaiting a House vote. He is also involved in revealing election integrity and ballot harvesting through True The Vote and said it was involved statewide and in most states. Dinesh D'Souza working with True The Vote just released a trailer to the movie "2000 Mules" coming in April. It shows the world how the 2020 election was rigged and stolen. The 'Mules' are the people who have allegedly engaged in ballot harvesting (which is illegal in the 2020 election. Gary will be opening offices soon in Yuma, Gila Bend and Goodyear.

Our speaker this evening is Kim Owens, who is running for Arizona Corporation Commission and is a strong advocate for regulating your Arizona utilities without compromise and providing utilities that are safe, reliable and affordable.. She is the only candidate running to have a cap on your electric bill. Kim has a background of serving on the Salt River Project Council for 10 years and currently serving as the Arizona Power Authority Commissioner. She asks you to sign her petition and donate \$5.00 to her campaign because she needs your vote. Neal Rowe gave us a quick overview of his flier with an emphasis on the Alex Jones Show, Senator Ron Johnson's January 2022 5 hour Covid Panel and Attorney Tom Renz on the horrifying increase in disease in our military after taking the jab.

Sally Kizer gave us the actual horrendous percent increases in disease that Tom Renz had brought up and indicated she isn't playing Russian Roulette with this vaccine. It was discussed that you can still purchase Ivermectin and Hydroxychloroquine in Algodones over the counter. Call Governor Ducey, Senators Sinema and Kelly, Rep Paul Gosar and demand to know why these safe Covid-19 treatments are banned.

Winnie said they are having a joint Wreaths Across America fund raiser with the VETS at Post 56 at 1490 W 3rd St. On Saturday, 2/26.

Carla auctioned off three homemade cakes; pineapple upside down cake, lemon cake and red velvet cake for a total contribution to the Tea Party fund of \$46.00!

Gilbert reminded us to be especially mindful of all the cyclists on the road this time of year and just be careful and watch out for them. JIM adjourned the meeting at 7:35 PM. Mike and Gilbert seconded and we donned our winter attire and scattered into the night.

Respectfully Submitted Nikki Pollard - Secretary

**"If Virtue & Knowledge are diffused among the People, they will never be enslav'd. This will be their great Security." —Samuel Adams (1779)**

**“[Democrats] did everything they could to get Biden elected, the guy who campaigned from his basement. They never asked any questions about that. Well, now he gets in. And he had ... the worst first year president of any president since the 1800s. People compare him to Jimmy Carter. Carter was much more successful his first year than Biden has been.” —Florida Governor Ron DeSantis**

**“From the onset of the pandemic, corporate media outlets were advocating for lockdowns, school closures, and forced masking of children. Two years later? The facts show lockdowns didn’t work, masks didn’t reduce spread, and that Democrats followed politics — not science. Even worse, our school children were used as pawns in their political games. The legacy media will try to whitewash the Left’s failures and hypocrisy. Don’t let them just move on to the next narrative.” —Ron DeSantis**

## **Four reasons why China is fast becoming the dominant power in the world**

A Facebook Posting. Author Unknown

- 1. They have a very low tolerance for crime. The death sentence is swiftly and routinely used for terrorists, murderers and drug traffickers.**
- 2. Very low tolerance for Religion. They do not believe there is a Magic man in the sky. No such thing as a God. Almost no religious killings ???, and getting rid of the Indigenous Chinese Muslim population as fast as they can.**
- 3. They have not been involved in any expensive wars or invaded any country for the last seventy years.**
- 4. Their primary weapon of choice to conquer the world is Finance, and countries around the world are falling fast.**

**Not just the USA but all world is in trouble**

**In the near future, China will employ millions of American workers and dominate thousands of small communities all over the United States. Chinese acquisition of US businesses set a new all-time record last year, and it is on pace to shatter that record this year.**

The Smithfield Foods acquisition is a great example. Smithfield Foods is the largest pork producer and processor in the world. It has facilities in 26 US states, and it employs tens of thousands of Americans. It directly owns 460 farms and has contracts with about 2,100 others. But now a Chinese company has bought it for \$ 4.7 billion, and that means that the Chinese will now be the most important employer in dozens of rural communities all over America.

Thanks in part to our massively bloated trade deficit with China, the Chinese have trillions of dollars to spend. They are only just starting to exercise their economic muscle.

It is important to keep in mind that there is often not much of a difference between "the Chinese government" and "the Chinese corporations". In 2011, 43 percent of all profits in China were produced by companies where the Chinese government had a controlling interest.

Last year a Chinese company spent \$2.6B to purchase AMC entertainment, one of the largest movie theater chains in the United States. Chinese companies control more movie ticket sales than anyone else in the world.

But China is not just relying on acquisitions to expand its economic power.

"Economic beachheads" are being established all over America. For example, Golden Dragon Precise Copper Tube Group, Inc. recently broke ground on a \$100M plant in Thomasville, Alabama. Many of the residents of Thomasville, Alabama will be glad to have jobs, but it will also become yet another community that will now be heavily dependent on Communist China.

And guess where else Chinese companies are putting down roots? DETROIT.

Chinese-owned companies are investing in American businesses and new vehicle technology, selling everything from seat belts to shock absorbers in retail stores, and hiring experienced engineers and designers in an effort to soak up the talent and expertise of domestic automakers and their suppliers.

If you recently purchased an "American-made" vehicle, there is a really good chance that it has a number of Chinese parts in it. Industry analysts are hard-pressed to put a number on the Chinese suppliers in the United States.

China is very interested in acquiring energy resources in the United States.

**For example, China is actually mining for coal in the mountains of Tennessee. Guizhou Gouchuang Energy Holdings Group spent 616 million dollars to acquire Triple H Coal Co. in Jacksboro, Tennessee.**

**And pretty soon China may want to build entire cities in the United States just like they have been doing in other countries. Right now China is actually building a city larger than Manhattan just outside Minsk, the capital of Belarus.**

**China is on the rise and has been for a long time.  
If you doubt this, just read the following:**

**When you total up all imports and exports, China is now the number one trading nation on the entire planet.**

**# Overall, the US has run a trade deficit with China over the past decade that comes to more than 23 trillion dollars.**

**# China has more foreign currency reserves than anyone else on the planet.**

**# China now has the largest new car market in the entire world.**

**# China now produces more than twice as many automobiles as does the United States.**

**GM is involved in 11 joint ventures with Chinese companies.**

**# China is the number one gold producer in the world.**

**# The uniforms for the US Olympic team were made in China.**

**# 85% of all artificial Christmas trees the world over are made in China.**

**# The new World Trade Center tower in New York includes glass imported from China.**

**# China now consumes more energy than does the United States.**

**# China is now in aggregate the leading manufacturer of goods in the entire world.**

**# China uses more cement than the rest of the world combined.**

- # China is now the number one producer of wind and solar power on the entire globe.
- # China produces 3 times as much coal and 11 times as much steel as the United States does.
- # China produces more than 90 percent of the global supply of rare earth elements.
- # China is now the number one supplier of components that are critical to the operation of any national defense system.
- # In published scientific research articles, China will become number one in the world very shortly. And what we have seen so far may just be the tip of the iceberg. And for now, I will just leave you with one piece of advice - Learn to speak Chinese.

## Convoy of Mennonite Truckers On Their Way To Ottawa

Andrew Unger

A convoy of Mennonite buggies are snaking their way through the country roads all the way from Elmira to Ottawa to demand their right to quilt whatever patterns they so choose.

“Who’s Trudeau to say I’ve got to make a Star of Bethlehem or Nine Patch?” shouted Mrs. Bauman from the back of her buggy. “This is a free country and if I want to sew myself a Center Diamond or Trip Around the World pattern that’s my prerogative!”

The Mennonites are up in arms about the new restrictions, which they believe might also affect their ability to stuff sausages as they choose.

“I don’t need the government telling me what to stuff my sausage with,” explained local butcher Mr. Brubacher. “A man’s smoked meat is his own business!”

The Mennonite buggies plan to gather on Parliament Hill and stay there until Trudeau himself comes out to speak to them.

“We’re hoping to win him over with sausage and quilts,” said Mrs. Bauman. “At the very least we’re hoping our non-violent hymn singing and frowny faces will persuade him.”

The City of Ottawa sanitation department has already assessed the situation and say they don’t believe the presence of a couple thousand Mennonite buggies and their accompanying horses will make any discernible impact on the level of horseshit in the capital.

**The Biden family is a criminal enterprise as  
defined in the RICO Act**

***By Ron Wright -- American Thinker***

**Although the 1970 Racketeer Influenced and Corrupt Organizations Act (RICO) was initially targeted at gangsters, it equally applies to corrupt government practices involving low-level crooks led by the top players, linked together with a common purpose. No organized crime or criminal enterprise, in or out of government, can exist for long without corrupt law enforcement.**

**Because of its corrosive impact on government, organized crime must be destroyed by prosecuting influence-peddling related crimes and those who aid or abet by concealing these crimes under the RICO Act. The founding principle of our criminal justice system is equal justice for all and no one is above the law.**

**When organized crime occurs at the national level, billions of dollars are sucked away from the public treasury for fraudulent pay-to-play schemes, special legislative favors, and other influence-peddling. As a result, policy decisions are made contrary to the country's best interest. Through co-optation/blackmail, our national strategic and security interests are compromised when foreign agents target politicians to influence foreign policy. This is also espionage (China/the CCP and Russia/Putin). The Biden family and the Clinton family are complicit in overt acts with foreign agents.**

**The Biden crime family is just a continuation of the DC swamp's business as usual of interconnected organized crime activity. The current chapter of the family's long, shady history began when Hunter dropped off three laptops at a computer repair shop during one of his cocaine and sex binges. Hunter never returned to pick them up. After seeing some concerning information on these computers, the shop owner later called the FBI. At first, the FBI wasn't interested. The FBI eventually picked up the hard drives but then they were deep-sixed. Finally, the FBI opened an investigation. The US Attorney impaneled a grand jury. That issued a few subpoenas in May of 2020 but has gone silent. Perhaps the change in administrations?**

**The shop owner wisely made copies, and the information made its way to the New York Post's investigative reporter Miranda Devine. The NY Post first broke the story on 10-14-20 (video and docs and more) just before the election. The intelligence community played a Fauci to discredit this information. More than 50 "former senior intelligence officials have signed . . . the letter [claiming this information] has all the classic earmarks of a Russian information operation." Twitter and Facebook memory-holed the NY Post's story. The NYT called the story unsubstantiated but later quietly retracted (and more). Social media outlets censored or removed any related posts.**

**For some sicko reason, Hunter videoed his drunken and cocaine-smoking sex orgies, which he stored on his laptops. But more consequentially under the terms of RICO, there is evidence of many overt acts that fall under the terms of the law. Hunter kept very damning and incriminating notes, emails, voice files, photos, and financial records on his laptops. A smoking gun email from Burisma to Hunter seeking his intervention during the period of Joe Biden's widely reported forcing the firing of the Ukrainian prosecutor investigating Burisma (NY Post 10-14-20) is particularly incriminating.**

**The NY Post article of 10-15-20 has copies of emails and a video showing detailed breakdowns of these illegal money transactions.**

**The Daily Mail's broadside of 10-31-20 detailed the information on the drives that posed a genuine national security threat and with classic blackmail material [File photos here].**

**The NY Post article of 05-26-21 documents with quotes from emails Hunter's pay from Burisma cut in half two months after Joe Biden leaves office. Also, Joe Biden met with Burisma exec and later in the year strong-arming the Ukrainian prosecutor under the threat of withholding \$1 billion in US aid.**

**The NY Post article of 07-04-21 about Hunter paying Joe Biden's personal bills is documented with quotes from Hunter's emails.**

**The NY Post article of 11-28-21 Hunter received a 3-caret diamond and an offer of a \$30 million deal from a Chinese titan with more emails.**

**This hard drive story was memory-holed by most media as Russian disinformation except for a few investigative reporters. That is until just recently, with the drop of explosive books by Miranda Devine, Peter Schweizer, and the just-released devastating four-part series by FOX Nation, "Pirro explores 'Who is Hunter Biden?' . . ."**

**Judge Jeanine Pirro narrates a riveting expose on the Biden family with interviews with Devine and Schweizer. Included are Senators Ron Johnson and Chuck Grassley who did a lengthy investigation into Hunter Biden, Burisma and Corruption . . . (87 pages). The media largely discredited the Johnson/Grassley report as Russian disinformation. Schweitzer used this the report's public source documents to corroborate and correlate with Hunter's hard drive the documents.**

**These interviews and the documents are woven together with Hunter's voice from his memoir (Audible book). The evidence is damning and presented compellingly to the viewer that the Biden family illegally received millions of dollars from profiting from the influence of Joe Biden - as Senator, Vice President, and as President.**

**The FOX Nation piece is a must-watch (Behind paywall – free temp use). Also, the 01-24-22 edition of Mark Levin's interview with Peter Schweizer (Rumble excerpt of 3.5 mins) and this FOX Business News interview with Schweizer where he implies Nancy Pelosi is co-opted too by Chinese intelligence. According to the interview with Devine on the Clay Travis & Buck Sexton Show, Hunter Biden was making deals worth millions of dollars with the inner sanctums of Putin and President Xi of China. The Biden family was doing exactly what the Trump family was accused of doing.**

**Devine meticulously constructs a timeline from the emails and documents - then corroborates with other sources in her new book, the Laptop from Hell.**

**Peter Schweizer writes in the NY Post 01-27-22 about his book which includes a FOX News video interview with Sen. Ron Johnson on the Secret Service stalling on FOIA requests for Secret Service travel records.**

**Were the Biden Administration's well-known policy failures the result of the utter stupidity, or were they intentional because of Joe Biden being compromised?**

**We must clean our house first before anything else by legitimate and thorough criminal investigations of the Clinton and Biden families using the tools of RICO. The corrupt elements of our government will be flushed out.**

**There must be accountability for these crimes.**

**Lastly, the real power brokers will emerge like a Russian nesting doll, but that's for another time. The FBI has the resources and tools to take down these criminal enterprises. Still, it needs a DOJ unbiased and willing to prosecute and a judiciary that will rule on the law and not succumb to political pressure. Unfortunately, the FBI is politically corrupt - a dog that will not hunt impartially.**

**The Biden crime family is more blatant about its old school influence-peddling than Hillary Clinton. Poor Uncle Joe's princeling Hunter Biden, the family bag man, can't control his vices. The CCP has infiltrated our government and business at many levels with honey pots and other tradecraft**

**Hunter Biden, Eric Swalwell. The CCP targeted and groomed Hunter Biden because of his twisted personal life, alcohol and cocaine addiction of many years to get access to its prize, Joe Biden.**

**From Schweizer's NY Post article:**

**For those wondering why Joe Biden is soft on China, consider this never-before-reported revelation: The Biden family has done five deals in China totaling some \$31 million arranged by individuals with direct ties to Chinese intelligence — some reaching the very top of China's spy agency.**

**Yes, why is Uncle Joe going soft on China and Russia?**

**Based on my review of this reporting and evidence, in my opinion there is overwhelming probable cause, if not reasonable cause to begin a criminal investigation of the Biden family using the tools of RICO. This is a target-rich environment.**

## **DHS issues heightened terror threat citing 'mis- dis- and mal-information' on election fraud and COVID-19**

**By Thomas Lifson -- American Thinker**

The Department of Homeland Security issued a Bulletin on Tuesday that sounds precisely like a prelude to a totalitarian crackdown on political dissent from the preferred narratives of the Biden regime and the deep state. Read the opening of the summary:

The United States remains in a heightened threat environment fueled by several factors, including an online environment filled with false or misleading narratives and conspiracy theories, and other forms of mis- dis- and mal-information (MDM) introduced and/or amplified by foreign and domestic threat actors. These threat actors seek to exacerbate societal friction to sow discord and undermine public trust in government institutions to encourage unrest, which could potentially inspire acts of violence.

Translation: criticize us and you are encouraging terrorism. The obvious corollary is that you, who dare disagree with the regime, are a terroristic threat.

The very first point made in the body ("Key factors contributing to the current heightened threat environment") of the Bulletin continues this emphasis on dissenting voices (such as

those often seen on these pages).

The proliferation of false or misleading narratives, which sow discord or undermine public trust in U.S. government institutions:

For example, there is widespread online proliferation of false or misleading narratives regarding unsubstantiated widespread election fraud and COVID-19. Grievances associated with these themes inspired violent extremist attacks during 2021.

It then claims that foreign forces use these dissenting voices:

Malign foreign powers have and continue to amplify these false or misleading narratives in efforts to damage the United States.

The implication is obvious: disagreement with official narratives is treasonous.

As a friend of mine put it in an email, “It takes real chutzpah for Homeland Security to put out this kind of warning given its total dereliction of its duty to secure our borders.”

Indeed, the word “border” does not appear anywhere in the Bulletin, even as thousands of people from all over the world daily cross the border bringing contraband that could well include terror weapons, not to mention drugs that are killing huge numbers of Americans on an ongoing basis. No, the real problem is people like us wanting to investigate election fraud and skeptical of the official story on Covid (which keeps changing).

I am so old that I remember when places like Berkeley and Ann Arbor were full of cars -- Volkswagens, VW campers, and the occasional Mercedes driven by a rich lawyer -- with the bumper sticker “Question Authority.”

Oddly enough, since the Obama Administration, they have virtually disappeared.

And the ACLU (American Civil Liberties Union) is now suing to stop allowing civil liberties in Virginia.

Left wing but honest journalist Matt Taibbi sees what’s going on:

...a phenomenon that’s become ubiquitous in mainstream press... “right-wing” has become a stand-in for “heterodox” or “dissenting” or even just “open-minded.”

And now in the DHS, these qualities are being defined as terroristic and by implication treasonous.
