Colorado River Tea Party Mission Statement

The Colorado River TEA Party mission is to attract, educate and mobilize fellow citizens; to secure public policy which stops the growth of excessive government, irresponsible spending and runaway taxes; to help elect, without directly endorsing, political representatives who are consistent with our core values; and to re-establish the Constitutional Foundation of our Country.

To our Faithful Patriots

Christmas Prayer of St. Bernard of Clairvaux

“Let your goodness Lord, appear to us, that we, made in your image, may conform ourselves to it. In our own strength we cannot imagine your majesty, power, and wonder, nor is it fitting for us to even try. But your mercy reaches from the heavens, through the clouds, to the earth below. You have come to us as a small child, but you have brought us the greatest gift, the gift of your eternal love. Caress us with your tiny hands, embrace us with your tiny arms, and pierce our hearts with your soft, sweet cries. Amen.”

May the blessings of Christmas strengthen you throughout the year.

"There is a time for all things, a time to preach and a time to pray, but those times have passed away. There is a time to fight, and that time has now come."

Peter Muhlenberg,

A Lutheran sermon read at Woodstock, Virginia — 1776

"It isn't that they can't see the solution. It is that they can't see the problem."

G. K. Chesterton (1874-1936)

"Unlike many a modern American believes, the Constitution is not a "living, breathing document"; rather it is "that rock to which the Republic is anchored."

John F. Di Leo.

Colorado River Tea Party Minutes December 1, 2022

Wayne called the meeting to order at 6:00 PM

Cecil gave the Invocation

Big Wayne led us in the Pledge of Allegiance

Gilbert gave the Mission Statement

Nikki read the minutes of the November 17th meeting. **Arlene** motioned to accept,

John seconded

Matt gave the Treasurers Report. **Gilbert** motioned to accept, **Neil** seconded

John discussed a number of issues Arizonans are concerned about including private school vouchers, water conservation, Biden wanting to ban all assault weapons and the corrupt Arizona midterm election. December 5th is the deadline to certify the election results. Kari Lake, Mark Finchem and Abe Hamadah have refused to concede and are questioning election results. Cochise county supervisors were warned they could face criminal charges if they did not certify results by the deadline. Kelly Ward, AZ Republican Party Chairman and The Attorney General's office are demanding answers from all the problems that occurred on Election Day. Maricopa County officials said answers would have to wait. Once the state certifies the results on Dec 5th there will be a recount between Republican Abraham Hamadeh and Democrat Chris Mayers for Attorney General. Lawsuits cannot be filed until the election results are certified.

Gilbert said there seems to be confusion with the 2 Tea Parties here in Yuma. The new Yuma Tea Party will hold their meetings once a month with the next meeting on January 17th. Our own Colorado River Tea Party will continue to hold meetings on the 1st and 3rd Thursdays of each month here at the Community Christian Church. The Yuma Tea Party is using our Tea Party membership list to recruit our current members.

Carla with ways and Means Committee said we have the new 2024 Trump Hats in and some new regular hats with "United We Stand" and "God Bless America". We

also have more banners and new merchandise coming in time for the Date Festival next month.

Jim commented that Wreaths Across America thanked the Tea Party for our donation and they have met their goal of covering 3500 veterans graves for the ceremony on December 7th. You can contact Winnie Moir at 928-502-0238 for further information about the ceremony.

Michelle Pena, Republican Party member elect AZ House of Representatives LG23 is with us tonight. She briefly spoke to say she has had lots of calls offering help and what to expect when she takes office. She will be sworn in on January 9th, 2023.

Daniel Wood on speaker phone talked about the election. Daniel is spearheading the election results in Arizona and is saying that Cochise county signed off and filed a motion of removal on their election report. The report is null and void and will be taken to Federal court. He also indicated Mohave county certified the election results under duress, which makes the report null and void and it will end up in Supreme Court. The machines were unaccredited which makes any ballot unlawful. They are seeking a special election without machines.

Gilbert asked all newly elected and current officers to come up on stage to acknowledge and congratulate them for their past service and for volunteering to serve in 2023.

Neil offered his biweekly "Dose Of Insanity". There is so much valuable information here that I have not taken the time to become familiar with. Take a few minutes to download your copy of the Arizona Constitution and educate yourself on the peoples rights. Sign the petition to take action against the AZ Bar Association especially after reading the details on the 2020 and 2022 election interference. Don't miss Stew Peters "Died Suddenly" video. For the Good Of The Order,

Arlene brought up Fear Porn and said just drop the fear and live your life, quit being afraid of the daily threats that the deep state is trying to force on you. FEAR stands for FALSE EVIDENCE OF APPEARING REAL. I will add think positive thoughts, be grateful and trust in God's plan.

Gilbert moved to adjourn at 7:20 PM and **Neil** seconded.

We will see all of you at the Christmas Party on Thursday, December 15th .

Respectfully Submitted,
Nikki Pollard - Secretary

Does your government control you, or do you control your government?

By Jay Davidson -- American Thinker

Too much is happening, simultaneously, not to see a grand scheme leading to destruction — or, if a leftist, transformation. The irony is that our form of government, called a constitutional republic, has been far more successful than their idea, called totalitarianism or communism, which has failed every time and in every nation that tried it.

Yet many are trying central control, again — not because it helps the citizen. Quite the opposite: communism helps the elite few who are in control. Why would a free person give up freedom for control? For safety, freebies, handouts, fear? The question demands an answer.

The dividing line is stark: does your government control you, or do you control your government?

It gets confusing because members of our own party willingly join this central control crowd. We have our own "big government" party members. To make matters worse, we also have the less deep-thinking

politicians who seek solutions through more government. After all, like the left, they can pass a new law, write a new bill, make a new tax and pass it off as the solution. This simplistic mentality only increases the control of an agency of the government over our individual liberty.

But they never look back on the consequences of their acts. If they did, they would have to admit not only its failure, but the fact that their new law, their additional tax, their new spending program made matters much worse. Further, every government program ever implemented takes from you, the creator of wealth through good work.

Reagan got it so right: "Government isn't the solution, it's the problem." He stuck to his principles, and the nation loved him for it.

First, though, Reagan had principles, clearly and often repeated. Does the politician who seeks your vote and donation have principles? Does he adhere to them in word and deed? The answers to these two questions defines representative government, our constitutional republic. Our solemn duty.

Exchanging Britteny Griner for an infamous Russian Arms Dealer

Viktor Bout, a Russian arms dealer who is also known as the “Merchant of Death,” will be released in exchange for the WNBA’s Brittney Griner. Griner has been in a Russian prison since her arrest for illegal substances while in Russia got her handed a 9-year prison sentence just over 210 miles from Moscow.

Recently, the United States folded and decided to exchange Bout, an international arms trafficker for Griner, who has vape cartridges that were alleged to contain THC, an oil-based form of the component that achieves a high in marijuana. Now, Russia gets an arms dealer back with a career so hellish it inspired multiple films, and the United States gets only someone who would’ve been convicted for a misdemeanor drug offense in the majority of other countries, if tried at all.

THREAT FROM COMMUNIST CHINA

2 More Secret CCP Police Stations Discovered in LA, New York: Report

By Andrew Thornebrooke

A nonprofit group has discovered 48 new overseas police stations with ties to China's communist regime, including two previously unknown facilities in Los Angeles and New York City.

The newly identified sites are among more than 100 police outposts that are spread out across 53 nations.

The facilities have been used by the Chinese Communist Party (CCP) to carry out an illicit campaign of transnational repression, according to Safeguard Defenders, a nonprofit organization that published a Dec. 5 update to its findings from a previous investigation released in October. "It's outrageous that the Communist Chinese government is exercising extraterritorial law enforcement on U.S. soil," Rep. Nicole Malliotakis (R-N.Y.) told The Epoch Times in an email.

"It should be a top priority of Secretary Blinken and Attorney General Garland to shut down these stations to protect our Chinese-American constituents and our nation's sovereignty from foreign encroachment." Malliotakis was among several Republican lawmakers who issued a letter in October demanding explanations from Secretary of State Antony Blinken and Attorney General Merrick Garland for the facilities' continued existence.

Most notably, Safeguard Defenders linked the stations to the CCP's Operation Fox Hunt, a transnational scheme designed to forcibly repatriate dissidents and other targets of the regime back to mainland China to face communist persecution.

“The report describes part of the PRC’s transnational repression efforts where PRC officials reach out outside their borders to harass, to surveil, to threaten individuals around the world, including in the United States, to silence those critical of its government,” Price said.

Remembering Pearl Harbor

In October 1940, President Franklin D. Roosevelt declared, “I have said this before, but I shall say it again and again and again: Your boys are not going to be sent into any foreign wars.” This was a reiteration of his earlier assertion, “We are keeping out of the wars that are going on in Europe and in Asia. ... Our opponents are seeking to frighten the country by telling people that the present administration is deliberately ... drifting into war. You know better than that.”

Roosevelt campaigned on neutrality in 1940. Roosevelt assured his constituents, “I give ... to the people of this country this most solemn assurance: There is no secret treaty, no secret obligation, no secret commitment, no secret understanding in any shape or form, direct or indirect, with any other government, or any other nation in any part of the world, to involve this nation in any war.”

Unfortunately, Germany’s Führer Adolf Hitler and Japan’s Prime Minister Hideki Tojo didn’t cooperate.

On December 7, 1941, more than 350 Japanese planes attacked Pearl Harbor, Hawaii, killing 2,390 American servicemen and civilians and wounding 1,282. The attack sank or damaged eight battleships, three cruisers, three destroyers, and one minelayer, and destroyed 188 aircraft. It took four years and the full military-industrial capability of the United States to defeat Japan.

Dr. Tess Lawrie: COVID-19 Vaccines Cause Inflammation in 'Every Organ and Tissue of the Body'

**AMERICAN THOUGHT
LEADERS
JAN JEKIELEK**

“There’s a loophole that they’ve slipped through in the regulatory process, because most drugs require pharmacokinetic studies ... And that has not been done with the COVID-19 vaccines,” says Dr. Tess Lawrie, co-founder of

the World Council for Health.

Pharmacokinetics is the study of how a drug behaves in a patient’s body, how it distributes, and how long it takes to be cleared from the body. “Because they’ve been called vaccines ... all these manufacturers have been required to do is to show that the product they inject gives an immune reaction, gets an immune response. They have not been required to show how it distributes around the body,” says Lawrie.

She argues that the COVID-19 injections are not actually vaccines, but are instead gene therapies. And they must be halted immediately, she says. Myocarditis is just the tip of the iceberg. Inflammation is actually occurring not just in the heart, but “in every organ and tissue of the body,” Lawrie says. In this episode, she breaks down the alarming signals that independent researchers have found, and what people can do if they are worried about their own health or the health of their loved ones.
