Dear faithful Patriots,

I am pretty sure that you are all aware of the truths I have included. Big Pharma is lying to us. The left's charges against Trump are bogus. The left has always divided us any way they can. But maybe the articles will add some fuel to your arguments.

As editor of the news letter, I think I am aloud to give an opinion. I do not trust Mr. Filmore. He knows, of course, that a Patriot Party would split the Republican party vote and allow the Democrat to win. He knows that, and so his saying it would not makes me suspect he is working for the other side. if they can break us apart, could result in keeping Democrats in the Senate and Biden in the White House. We should not help them get their signatures.

Colorado River Tea Party Minutes

June 15, 2023

Jim called the meeting to order at 6 PM

Gilbert gave the invocation and led us in the Pledge of Allegiance

Jim read the Mission statement

Nikki read the minutes from the last meeting. Gilbert made a motion to accept, Arlene seconded, motion passed. Nikki read the Treasurers Report in Ruth's absence. Gilbert made a motion to accept, Arlene seconded, motion passed.

Jim gave the Legislative Report. John has stepped down and we are looking for a volunteer to fill this position. Jim said he heard charges are being filed against Katie Hobbs for using state funds. Jim also mentioned that Guns and Gadgets News is reporting that San Francisco is trying to do away with the 2nd Amendment; New York has also attempted and is being sued. House Resolution 44 seeks to disapprove the final rule of "Factoring Criteria for Firearms With Attached Stabilizing Braces. This would take power away from the ATF (Alcohol, Tobacco, Firearms). The resolution passed in the house and now goes to the Senate for approval.

Carla, Ways and Means Committee displayed a new Tea Party polo shirt and hat with the Tea Party decal embroidered on them. Members can order the shirt or hat with Mothers and Daughters on 24th Street and 3E. The shirt is \$29.00 and can be ordered in long sleeves. They also have jackets and will put an embroidered patch on any shirt for \$12.00.

Ruth Milne has chosen a lovely 7X11 inch Garden Memorial in memory of her late husband Rich. She wanted something small enough that she can take with her. Funds contributed by John Farris have covered the cost for the memorial.

Carla said it has been a wonderful ride being your Ways and Means Committee chairman. She thanked **Mike Richards** for providing his delicious lemon and chocolate cakes. We are looking for a volunteer to take over the committee and Carla will teach you. The person responsible will need to order merchandise and have material on hand to display at meetings along with setting up drinks provided by the Tea party and desserts provided by members. Please contact Carla or any board member if you can spare some time for this important function.

Our Speaker tonight is **John Filmore**, President of the Arizona Patriot Party. He is currently leading the drive to start a new party of Constitutional conservatives. John served in the Vietnam War and has quite a varied business background owning several business establishments. He has become quite the entrepreneur without attending college or earning a degree. John hires non college school kids in his diversified businesses and has many success stories of his kids being successful in a free enterprise system. He has been a republican for 45 years, elected as a Republican Precinct Committeeman and Captain. He has a 100 % conservative rating from the John Birch Society, and 96% from CPAC in the state. He was a State Representative of Legislative District 16 from 2019-2023. Many of the conservative bills he introduced were killed by the Speaker of the House. John supports voting integrity and was the writer and sponsor of HB2289 (One Day, One Vote). The Arizona Patriot party wants secure borders, the right to enforce federal law, and is backed by conservatives. The website is azpatriotparty.org.

Respectfully Submitted,

Big Pharma is Bleeding Horseshoe Crabs Dry to Meet Growing Demand for Vaccines

The pharmaceutical industry is depleting horseshoe crab populations along the U.S. Atlantic coast with limited accountability — and serious environmental consequences, NPR reported this week.

Drugmakers use a product derived from horseshoe crab blood to test vaccines, injectable medicines and medical devices before injecting them into humans. The product tests for the presence of endotoxins, a toxin found in some bacteria that can cause inflammation, fever, sepsis or death.

The horseshoe crabs' bright blue blood contains a substance called limulus amebocyte lysate (LAL) that detects the harmful bacterial toxins and captures them in blood clots. No other natural substance is known to work as well to detect the toxins.

A synthetic alternative exists, but unlike in some other countries, U.S. regulators have not established standards for its use industry-wide.

That means the key medical test is dependent on a single animal, whose already precarious existence

Trump is Charged Under a Law Meant to Suppress Political Opposition

A year after the start of WWI, President Woodrow Wilson addressed his message to Congress and warned that the “gravest threats against our national peace and safety” did not come from “other governments”, but from “within our own borders”.

“Citizens of the United States,” Wilson continued, “born under other flags but welcomed under our generous naturalization laws to the full freedom and opportunity of America, who have poured the poison of disloyalty into the

very arteries of our national life.”

Wilson, a notorious racist and a supporter of the KKK who had contempt for a wide variety of other peoples, likely had German immigrants, but not just them, in mind when he

When former President Trump was indicted under the Espionage Act, he was being targeted by a law that from its very inception had been created to suppress the political opposition. While elements of the Espionage Act were watered down over the years and only media hacks still quote “shouting fire in a crowded theater” as if it were standing law, that hasn’t really changed.

Widely loathed by liberals and leftists, who were justly often the targets of it, the Espionage Act was mostly used against actual spies during the Cold War. That changed dramatically under Obama who dusted it off and used it to go after reporters and whistleblowers. A decade ago, the Obama administration used the Espionage Act to target FOX News reporter James Rosen.

The Espionage Act allowed Obama to use warrantless wiretapping to bust leakers who were in many cases acting as whistleblowers and trying to expose his administration’s misconduct.

The abuse of the Espionage Act against reporters foreshadowed Russiagate. Having realized how useful the package of national security tools could be against political opponents in the press, the Obama administration decided to go ahead and use them against Trump.

An incredible story of the arrogance, ignorance, corruption, and deception of establishment medicine, the pharmaceutical industry and agencies of the U.S. Government. A factual account, completely documented, of the most horrendous and deadly scientific fraud in history.

U.S. Space Force Admits to Discrimination

Lt. Gen. DeAnna Burt explained that politics in someone's home state may affect selection or promotion.

By Samantha Koch -- Patriot Post

Skin color, sexual identity, political affiliation, and now ... being from a state where anti-woke legislation has been passed. These have become the top priorities when it's time to consider candidates for promotion in the top ranks of the United States military.

In a position where it is not only your role but your legal duty to serve and protect your home country and uphold its national security, the universal agreement should be that the top contenders demonstrate the utmost dedication, commitment, resiliency, endurance, problem-solving, and patriotism (to name a few). Appointing leaders who possess these traits should be in everyone's best interest, no matter your race or sexual "identity."
