FJ POWER

& IT SECURITY SOLUTIONS

PL-852D18M

· 1/2.9" 1080p CMOS sensor · High quality 18X industrial camera module · Support dual stream encoding · Linkage with sound / strobe light and auto track by human…

PL-855C30M

PL-855C30M is featured by the mini compact design which is only 6 inches and easy for installation. Powered by the cutting edge human detection technology, it could guar…

PS-852D30L

· 1/2.9" 1080p CMOS sensor

· High quality 30X industrial camera module

· Support dual stream encoding

PL-852D18M

· 1/2.9" 1080p CMOS sensor · High quality 18X industrial
camera module · Support dual stream encoding · Linkage
with sound / strobe light and auto track by human...

PL-855C30M

PL-855C30M is featured by the mini compact design which is only 6 inches and easy for installation. Powered by the cutting edge human detection technology, it could guar…

DL-855P28B-S7

System Overview Pro Series is a super cost-efficient solution that is powered by cutting-edge technology for crystal clear video monitoring with embedded fac

BL-855P48S-S7

System Overview Pro Series is a super cost-efficient solution that is powered by cutting-edge technology for crystal clear video monitoring with embedded face…

ES-855P21C-S7-MI

System Overview Pro Series is a super cost-efficient solution that is powered by cutting-edge technology for crystal clear video monitoring with embedded face…

DL-854N28B-E3

System Overview BioPro Series 4MP IP cameras provide a cost-efficient solution that is powered by cutting-edge technology for crystal-clear video monitoring. With an...

EL-854N38I-E3

System Overview BioPro Series 4MP IP cameras provide a cost-efficient solution that is powered by cutting-edge technology for crystal-clear video monitoring. With an...
